

Haven Waterway Enterprise Zone Advisory Board

June 2021

Dear Sir/Mdm.

Levelling up application - Haverfordwest

As Chair, Haven Waterway Enterprise Zone (HWEZ) Board, I am writing to offer the Board's full support of Pembrokeshire County Council's levelling up fund application for Haverfordwest.

The town of Haverfordwest is located adjacent to a boundary of the HWEZ and the Board believe that the town has real potential to regain the vibrancy and prosperity it had in past years. If successful this application will further enhance the work and vision the Board has for the HWEZ and the surrounding area.

The application plays to the town's strengths, the castle and the river, and along with the other developments planned and already delivered by the council would make Haverfordwest the destination town in the region.

The HWEZ Board have experienced over many years how the Council has worked with stakeholders and been very open and inclusive in terms regeneration and this track record should ensure the delivery of this vision for the town.

Yours sincerely

Stan McIlvenny OBE
Chair, Haven Waterway Enterprise Zone Advisory Board
