

GRANITE WALL PLAQUES

Fixed to the exterior wall of the Crematorium building

Black Granite Wall Plaques are lettered in gold leaf and will accept a maximum of about 100 letters of inscription. As part of the purchase price they are mounted in black metal frames on the wall between the Main Chapel exit and the Chapel of Remembrance for a period of ten years.

Wall plaques measure 15cm x 10cm (6" x 4"). When deciding on an inscription, it is important to limit lines with the name in to 15 letters as these are cut as capitals. Other lines should be limited to 20 letters. Examples are provided below to demonstrate some of the possible variations.

If you feel that more than one plaque is needed, it is possible to request that two are placed next to each other to provide continuity.

**In loving memory of
RICHARD JONES
A dear husband,
Father and granddad
Born 1922 Died 1997**

**Fond memories of
LEWIS T JONES
Born Pembroke 1907
