We the undersigned would like to object to the above LDP. There are many reasons why, there is limited access on this road already with many large tractors & a lot of traffic, there is no path so the safety of pedestrians is already at risk. The village is already at capacity & the school is full. We feel site 524 will be inappropriate overdevelopment of a rural village. The other site proposed is at least within the village boundary. The site of proposed 524 is a haven for various wildlife & it will be a loss of vital green space that the community relies on. There would also be problems with sewerage, noise pollution & air pollution. We hope that our views will be taken into consideration as we are already residents in this lovely village.

Kevin & Arabella Morgan
