EXTERNAL EMAIL – Exercise care with links and attachments *E-BOST ALLANOL – Byddwch yn ofalus wrth agor dolenni ac atodiadau.*

Dear Sir/Madam,

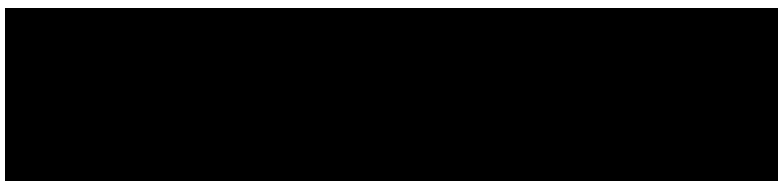

Please see attached representations submitted by Lichfields on behalf of our client, Welsh Government: Place Division, Housing and Regeneration Directorate, in relation to the Pembrokeshire County Council Local Development Plan Deposit 2 consultation.

The representations have been separated into two separate bundles:

1. One in which we do not wish to speak at the public hearing (Policies SP1, SP6, SP7, SP8, SP12, SP19, GN1, GN2, GN3, GN15, GN27, GN30, GN43, GN44, GN49, and GN51).
2. The other in which we do wish to speak at the public hearing (Policies GN16 and GN18).

We look forward to your confirmation of receipt.

Kind regards,
Katy.

Rwyf o'r farn nad yw'r CDLI yn gadarn ac y dylid ei newid. I think the LDP is unsound and should be changed.	
Rwy'n credu na chafodd y gofynion gweithdrefnol eu bodloni. I think that the procedural requirements have not been met.	

3. A hoffech i'r Cynllun gynnwys polisi, dyraniad safle neu paragraff newydd?

Ticiwch bob un sy'n berthnasol.

3. Would you like the LDP to include a new policy, site allocation or paragraph?

Tick all that apply.

Os ydych am awgrymu safle newydd, dylech atodi cynllun o'r safle yn nodi ffiniau'r safle rydych am eu cynnwys yn y Cynllun a rhoi manylion am ei ddefnydd arfaethedig. Dylech ystyried a oes angen i'r ffurflen sylwadau hon gael ei hategu gan arfarniad o gynaliadwyedd. Lle bo gan newidiadau arfaethedig i Gynllun Datblygu effeithiau cynaliadwyedd sylweddol, bydd angen i chi ddarparu'r wybodaeth berthnasol ar gyfer arfarnu cynaliadwyedd. Mae'n rhaid i'r wybodaeth hon fod yn gyson â chwmpas a lefel manylder yr arfarniad o gynaliadwyedd a gynhaliwyd gan yr Awdurdod. Dylai hefyd gyfeirio at yr un wybodaeth waelodlin wrth amlygu effeithiau sylweddol tebygol y polisi arfaethedig neu safle newydd.

If you want to suggest a new site, please attach a site plan identifying the boundaries of the site you wish to be included in the Plan and provide details of its proposed use. You should consider whether it is necessary for this comments form to be accompanied by a sustainability appraisal. Where proposed changes to a development plan have significant sustainability effects, you will need to provide the relevant sustainability appraisal information. This information must be consistent with the scope and level of detail of the sustainability appraisal conducted by the Authority. It should also refer to the same baseline information in identifying the likely significant effects of the revised policy or new site.

5. Rhestrwch eich sylwadau isod.

Dylech gynnwys yr holl wybodaeth, tystiolaeth a gwybodaeth ategol sydd eu hangen i gefnogi/cyfiawnhau eich sylw. Nodwch pa brawf/proffion cadernid mae'r Cynllun Datblygu Lleol yn eu bodloni neu nad yw'n eu bodloni a pham (gweler y nodiadau cyfarwyddyd i gael rhagor o wybodaeth). Bydd hyn yn helpu'r Awdurdod a'r Arolygydd i ddeall y materion y byddwch yn eu codi. Dim ond os bydd yr Arolygydd yn eich gwahodd i fynd i'r afael â materion y bydd yn eu codi y byddwch yn gallu cyflwyno rhagor o wybodaeth i'r archwiliad. Sylwer na fydd yr Arolygydd wedi gallu gweld unrhyw sylwadau y gallech fod wedi'u gwneud mewn ymateb i ymgynghoriadau blaenorol.

5. Please set out your comments below.

Include all the information, evidence and supporting information necessary to support / justify your representation. Please indicate which soundness test(s) the LDP meets or does not meet, and why (see guidance notes for more information). This will help the Authority and the Inspector to understand the issues you raise. You will only be able to submit further information to the examination if the Inspector invites you to address matters that he or she may raise. Please note that the Inspector will not have access to comments you may have made in response to previous consultations.

We support the stated vision for Pembrokeshire and would underline the importance of ensuring an adequate supply of new housing to meet the needs of the local population, boost the local economy and contribute to the regeneration of existing town centres, whilst also contributing to delivery of new and enhanced Green Infrastructure and enhanced levels of biodiversity.

The identified LDP objectives are similarly supported as providing a robust basis by which to meet the vision for 2033.

As the largest draft allocation site in Pembrokeshire, the proposed residential development at Slade Lane, Haverfordwest will accord with the following objectives:

1. **Respond to the challenges of climate change** through the delivery of new housing in a sustainable location, close to the town centre. The development will provide for accessibility by active travel options and would support zero carbon-ready homes.
2. **Support place-making** through sustainable design that responds to the local context. The design process for the proposed Slade Lane development draws on a clear appreciation of the existing context and the importance of ensuring that the new development will not have any unacceptable adverse impact on heritage, landscape or townscape features.
3. **Sustain and enhance the local economy** through the delivery of new housing which will generate investment and employment during the construction phase and will subsequently support the economy by providing high quality accommodation for people working in the local area and that will spend in the local economy.
4. **Provide a range and mix of homes** supported by key community services and facilities. The proposed development at Slade Lane will include a range of types, sizes and tenures of housing and will include a new primary school and, potentially, other community facilities and services that will meet the needs of future residents of the site as well as those already living in the local area.
5. **Protect and promote the Welsh language** through discussions with PCC regarding the potential provision of a Welsh medium school and by supporting the health of the community which will enable the younger generation to remain in Haverfordwest rather than moving away.
6. **Support a range of uses in town centres to assist regeneration.** The proximity of Slade Lane to Haverfordwest town centre means that it will support ongoing regeneration initiatives by increasing the local population that will make use of facilities and services within the town and thereby boost expenditure in the local economy.
7. **Promote accessible and healthy environments for people and wildlife.** The creation of high-quality Green Infrastructure and open space as part of the development will provide opportunities for on-site recreation and active travel, whilst the preservation of existing hedgerows and vegetation (so far as

possible) and the creation of Green Infrastructure will support local wildlife.

8. **Improve infrastructure and community facilities and direct development to sustainable locations.** The proposed development benefits from a highly sustainable location, adjacent to Haverfordwest town centre. The provision of a new school on the site will represent an important boost to local facilities whilst the delivery of public transport improvements and enhanced broadband connectivity will represent a critical boost in local infrastructure.
9. **Protect and enhance the environment, biodiversity and habitat** through measures to prevent any unacceptable impact on existing habitats and delivering a net gain in biodiversity.
10. **Ensure resources are used responsibly** through the efficient use of land by building at an appropriate density and through the delivery of sustainable and energy-efficient new homes.

Ticiwch yma os ydych chi'n cyflwyno deunydd ychwanegol i gefnogi eich sylw.

Tick here if you are submitting additional material to support your representation.

6. Os ydych yn gwrthwynebu'r Cynllun Datblygu Lleol, ydych am siarad mewn sesiwn gwrandawriad yr Archwiliad cyhoeddus?

Ar y cam hwn, gallwch wneud sylwadau'n ysgrifenedig yn unig (gelwir y rhain yn 'sylwadau ysgrifenedig'). Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. Ond dylech gofio y bydd yr Arolygydd yn rhoi'r un pwys ar eich sylwadau ysgrifenedig ar y ffurflen hon â'r rheiny a wneir ar lafar mewn sesiwn gwrandawriad. Sylwer hefyd y bydd yr Arolygydd yn pennu'r weithdrefn fwyaf priodol ar gyfer darparu ar gyfer y rhain sydd eisiau rhoi tystiolaeth lafar.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

Nid wyf am siarad mewn sesiwn gwrandawriad ac rwyf yn fodlon i'm sylwadau ysgrifenedig gael eu hystyried gan yr Arolygydd.

I do not want to speak at a public hearing and am happy for my written representations to be considered by the Inspector.

I want to speak at a public hearing.

Os ydych chi eisiau cyfranogi mewn gwrandawriad, nodwch isod am beth rydych chi eisiau siarad (e.e. 'Safle Tai ym Mhen y Graig' neu 'Y targed tai cyffredinol').

If you want to participate in a hearing, indicate below what you want to speak about (e.g. 'Housing site at Pen y Graig' or 'The overall housing target').

9. Os ydych am siarad, byddai'n ddefnyddiol pe gallech nodi ym mha iaith yr hoffech gael

eich clywed.

9. If you wish to speak, it would be helpful if you could indicate in which language you would like to be heard.

Rwy'n dymuno cael fy nghlywed yn Gymraeg.

I wish to be heard in Welsh.

Rwy'n dymuno cael fy nghlywed yn Saesneg.

Nodiadau cyfarwyddyd

Guidance notes

Caiff Cynllun Datblygu Lleol Cyngor Sir Penfro ei archwilio gan Arolygydd annibynnol a benodir gan Lywodraeth Cymru. Gwaith yr Arolygydd yw ystyried a yw'r Cynllun yn bodloni **gofynion gweithdrefnol** ac a yw'n **gadarn**.

'Gellir ystyried 'Cadarn' yn y cyd-destun hwn o fewn ei ystyr arferol o 'dangos barnu da' a 'gellir ymddiried ynddo'. Y cwestiynau neu'r 'profion' y bydd yr Arolygydd yn eu hystyried wrth benderfynu a yw'r Cynllun yn gadarn yw:

1. Ydy'r cynllun yn ffitio? (h.y. a yw'n gyson â chynlluniau eraill?)
2. Ydy'r cynllun yn briodol? (h.y. a yw'n briodol ar gyfer yr ardal yng ngoleuni'r dystiolaeth?)
3. A fydd y cynllun yn cyflawni? h.y. a yw'n debygol o fod yn effeithiol?)

Darperir rhagor o wybodaeth am y profion cadernid a gofynion gweithdrefnol yn Arweiniad Gweithdrefnol ar Archwiliadau Cynllun Datblygu Lleol yr Arolygiaeth Gynllunio.

Os ydych yn gwrthwynebu, dylech ddweud pam rydych yn credu bod y Cynllun yn ansad a sut y dylid newid y Cynllun er mwyn ei wneud yn gadarn.

Lle cynigiwch newid i'r Cynllun, byddai o gymorth esbonio pa brawf/broffion cadernid y credwch y mae'r Cynllun yn eu methu. Os yw eich sylw yn perthyn i'r ffordd gafodd y Cynllun ei baratoi neu'r ffordd yr ymgynghorwyd arno, mae'n debygol y bydd eich sylwadau yn perthyn i 'ofynion gweithdrefnol'.

Fydd methu adnabod prawf ddim yn golygu na chaiff eich sylwadau eu hystyried, cyhyd â'i fod yn perthyn i'r Newidiadau Canolbwyntiedig. Dylech gynnwys eich holl sylwadau ar y ffurflen, gan ddefnyddio dogfennau ychwanegol a thystiolaeth ategol lle bod angen.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

This policy requires all development to support positive economic, social and environmental and cultural outcomes and ensure that any adverse impacts are minimised.

This policy is supported as providing a robust basis by which the vision and objectives of the plan might be achieved and the sustainability of development in Pembrokeshire might be enhanced, in line with the requirements of PPW and Future Wales.

The proposed development at Slade Lane demonstrates strong sustainability credentials and is therefore compliant with Policy SP1. The majority of the site is allocated for housing development (ref. HSG/04/00274) and the allocation is proposed to be rolled forward as a strategic allocation in the emerging LDP (ref. S/HSG/040/LDP2/6). The sustainability, suitability and deliverability of the site is a central thread throughout all aspects of the development. The site is in the current ownership of Welsh Government which is keen to ensure that any future development proposals embody – and provide an exemplar in respect of – its policy aspirations in respect of sustainability, placemaking and the wellbeing of future generations.

The proposed development would meet the specific criteria of Policy SP1 in the following ways:

- Maintenance and enhancement of biodiversity:** The development will not only maintain but will also enhance biodiversity and promote the resilience of ecosystems.
- Promotion of health and well-being:** The development will incorporate a varied mix of type, tenure and size homes, thus creating a mixed and balanced community. Welsh Government is also exploring the possibility of making part of the site available for community-led housing and self-build plots, in addition to making some development parcels available to assist SME home builders. This demonstrates a different type of housing offer that the development can support. Health and well-being will be promoted in a variety of ways, including through the delivery of residential accommodation that is of a suitable size and type to cater for all needs. The provision of open space, Green Infrastructure, active travel routes, and community facilities will also help to deliver these benefits.
- Equality of access:** In accordance with Welsh Government aspirations, the proposed development will include a higher proportion of affordable housing (subject to viability), and the provision of a range of types, tenures and sizes of houses will ensure that the new properties are accessible to a wide cross-section of the community. Space standards will also be important components of the equality of access strategy.
- Accessibility to services:** Haverfordwest is one of four Urban Settlement “Regional Growth Areas” in Pembrokeshire. As such it provides a wide range of services and facilities for local residents and those living in the wider area. The proposed development site be located in close proximity to Haverfordwest town centre and future residents will benefit from a high level of accessibility to services. This underscores the sustainability of the development and its ability to support cohesive communities.
- Support for the Welsh language and culture:** A school will be provided on site; Welsh Government are in discussions with Pembrokeshire County Council regarding whether this will be Welsh or English medium. In addition, by providing new homes to meet identified local needs, the development will prevent the loss of the local population which might otherwise have had an adverse impact on Welsh culture and language.

- 6. Reduced contribution to climate change:** The development will promote energy efficiency and low carbon and will ensure good design principles are met. The encouragement of active travel will similarly be important in enhancing the sustainability of development and in contributing to the achievement of objectives relating to the decarbonisation of new development.

6. Os ydych yn gwrthwynebu'r Cynllun Datblygu Lleol, ydych am siarad mewn sesiwn gwrandawriad yr Archwiliad cyhoeddus?

Ar y cam hwn, gallwch wneud sylwadau'n ysgrifenedig yn unig (gelwir y rhain yn 'sylwadau ysgrifenedig'). Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. Ond dylech gofio y bydd yr Arolygydd yn rhoi'r un pwys ar eich sylwadau ysgrifenedig ar y ffurflen hon â'r rheiny a wneir ar lafar mewn sesiwn gwrandawriad. Sylwer hefyd y bydd yr Arolygydd yn pennu'r weithdrefn fwyaf priodol ar gyfer darparu ar gyfer y rhain sydd eisiau rhoi tystiolaeth lafar.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

Nid wyf am siarad mewn sesiwn gwrandawriad ac rwyf yn fodlon i'm sylwadau ysgrifenedig gael eu hystyried gan yr Arolygydd.

If you want to participate in a hearing, indicate below what you want to speak about (e.g. 'Housing site at Pen y Graig' or 'The overall housing target').

9. Os ydych am siarad, byddai'n ddefnyddiol pe gallech nodi ym mha iaith yr hoffech gael eich clywed.

9. If you wish to speak, it would be helpful if you could indicate in which language you would like to be heard.

2. Ydy'r cynllun yn briodol? (h.y. a yw'n briodol ar gyfer yr ardal yng ngoleuni'r dystiolaeth?)
3. A fydd y cynllun yn cyflawni? h.y. a yw'n debygol o fod yn effeithiol?)

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

This policy defines the settlement hierarchy for Pembrokeshire. Haverfordwest is identified by *Future Wales* as one of Pembrokeshire's four Urban Settlement "Regional Growth Areas" and is thereby positioned at the top of the settlement hierarchy.

As a primary settlement, it is appropriate that the largest LDP allocation is located in this area which is best suited to accommodating large-scale growth in order to meet the needs of the town and the wider authority area. The proposed development at Slade Lane will perform an important role in delivering housing growth in the Haverfordwest Regional Growth Area.

We support the location of the settlement boundaries for Haverfordwest and the inclusion of the proposed development site at Slade Lane within the defined urban area. 6. Os ydych yn gwrthwynebu'r Cynllun Datblygu Lleol, ydych am siarad mewn sesiwn gwrandawriad yr Archwiliad cyhoeddus?

Ar y cam hwn, gallwch wneud sylwadau'n ysgrifenedig yn unig (gelwir y rhain yn 'sylwadau ysgrifenedig'). Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. Ond dylech gofio y bydd yr Arolygydd yn rhoi'r un pwys ar eich sylwadau ysgrifenedig ar y ffurflen hon â'r rheiny a wneir ar lafar mewn sesiwn gwrandawriad. Sylwer hefyd y bydd yr Arolygydd yn pennu'r weithdrefn fwyaf priodol ar gyfer darparu ar gyfer y rhain sydd eisiau rhoi tystiolaeth lafar.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

Nid wyf am siarad mewn sesiwn gwrandawriad ac rwyf yn fodlon i'm sylwadau ysgrifenedig gael eu hystyried gan yr Arolygydd.

I do not want to speak at a public hearing and am happy for my written representations to be considered by the Inspector.

If you want to participate in a hearing, indicate below what you want to speak about (e.g. 'Housing site at Pen y Graig' or 'The overall housing target').

9. Os ydych am siarad, byddai'n ddefnyddiol pe gallech nodi ym mha iaith yr hoffech gael eich clywed.

9. If you wish to speak, it would be helpful if you could indicate in which language you would like to be heard.

1. Ydy'r cynllun yn ffitio? (h.y. a yw'n gyson â chynlluniau eraill?)
2. Ydy'r cynllun yn briodol? (h.y. a yw'n briodol ar gyfer yr ardal yng ngoleuni'r dystiolaeth?)
3. A fydd y cynllun yn cyflawni? h.y. a yw'n debygol o fod yn effeithiol?)

Os ydych yn gwrthwynebu, dylech ddweud pam rydych yn credu bod y Cynllun yn ansad a sut y dylid newid y Cynllun er mwyn ei wneud yn gadarn.

Lle cynigiwch newid i'r Cynllun, byddai o gymorth esbonio pa brawf/broffion cadernid y credwch y mae'r Cynllun yn eu methu. Os yw eich sylw yn perthyn i'r ffordd gafodd y Cynllun ei baratoi neu'r ffordd yr ymgynghorwyd arno, mae'n debygol y bydd eich sylwadau yn perthyn i 'ofynion gweithdrefnol'.

Fydd methu adnabod prawf ddim yn golygu na chaiff eich sylwadau eu hystyried, cyhyd â'i fod yn perthyn i'r Newidiadau Canolbwyntiedig. Dylech gynnwys eich holl sylwadau ar y ffurflen, gan ddefnyddio dogfennau ychwanegol a thystiolaeth ategol lle bod angen.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

This policy sets out that within the Regional Growth Centres, development is required to encourage sustainable communities and support complementary relationships between the towns.

This approach reflects the identified settlement hierarchy, the sustainability of the urban settlements, and their capacity to accommodate future growth. Concentrating development in the largest settlements in Pembrokeshire accords with the policy aspirations of PPW and Future Wales and will be important in addressing the identified development growth requirements of Pembrokeshire.

The proposed development at Slade Lane site supports sustainability in terms of its location and proximity to Haverfordwest town centre. The development will deliver a high quality, sustainable place for people with housing needs as well as providing new green infrastructure and a primary school. Pedestrian links between the proposed development site and the town centre and other existing community facilities will maximise its integration with the town. The development will also enhance the role of Haverfordwest as one of the Regional Growth Areas by supporting sustainable growth and supporting the regeneration objectives for the town.

Soundness Tests 1 and 3

This policy sets out an overarching framework for protecting the environment from “*materially harmful development*”. It states that “*All development proposals will be required to protect, conserve and enhance the natural environment...*”

The general principle of this policy is understood. However, the approach that has been adopted by PCC in respect of this is not consistent with that set out in paragraphs 6.4.5 and 6.4.11 of PPW:

“...development should not cause any significant loss of habitats or populations of species (not including non native invasive species), locally or nationally and must work alongside nature and it must provide a net benefit for biodiversity and improve, or enable the improvement, of the resilience of ecosystems.”

“Planning authorities must follow a step- wise approach to maintain and enhance biodiversity, build resilient ecological networks and deliver net benefits for biodiversity by ensuring that any adverse environmental effects are firstly avoided, then minimized, mitigated, and as a last resort compensated for. Enhancement must be secured by delivering a biodiversity benefit primarily on site or immediately adjacent to the site, over and above that required to mitigate or compensate for any negative impact.”

PPW does require the protection of designated sites and protected species but that same requirement does not apply to areas of undesignated natural environment. The requirement of Policy SP12 to “*protect, conserve and enhance*” is not consistent with PPW.

We further note that this policy is not consistent with other policies in the emerging LDP which allow for mitigation, where appropriate.

We consider that the words “*conserve and enhance*” should be replaced by “*maintain*” and that reference should be given to the mitigation of any impact, where appropriate.

In addition, the policy also refers to ‘*net biodiversity gain*’. This should instead be changed to ‘*delivery of net benefit for biodiversity*’ to ensure consistency with PPW and to avoid confusion with the legal requirement for biodiversity net gain in England.

According to the LDP Deposit 2 Constraints map there are no statutory national or local ecological designations within the proposal development site at Slade Lane. Notwithstanding our concerns about the specific wording of this draft policy, the design team will demonstrate how the proposed development at Slade Lane will not give rise to any unacceptable ecological impacts but will instead create a net benefit for biodiversity. Any features of specific quality will be retained and an overall increase in biodiversity will be achieved. A mitigation strategy will be established and implemented to ensure that the quality of the local environment can be maintained.

6. Os ydych yn gwrthwynebu'r Cynllun Datblygu Lleol, ydych am siarad mewn sesiwn gwrandawriad yr Archwiliad cyhoeddus?

Ar y cam hwn, gallwch wneud sylwadau'n ysgrifenedig yn unig (gelwir y rhain yn 'sylwadau ysgrifenedig'). Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. Ond dylech gofio y bydd yr Arolygydd yn rhoi'r un pwys ar eich sylwadau ysgrifenedig ar y ffurflen hon â'r rheiny a wneir ar lafar mewn sesiwn gwrandawriad. Sylwer hefyd y bydd yr Arolygydd yn pennu'r weithdrefn fwyaf priodol ar gyfer darparu ar gyfer y rhain sydd eisiau rhoi tystiolaeth lafar.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

Nid wyf am siarad mewn sesiwn gwrandawriad ac rwyf yn fodlon i'm sylwadau ysgrifenedig gael eu hystyried gan yr Arolygydd.

I do not want to speak at a public hearing and am happy for my written representations to be considered by the Inspector.

If you want to participate in a hearing, indicate below what you want to speak about (e.g. 'Housing site at Pen y Graig' or 'The overall housing target').

9. Os ydych am siarad, byddai'n ddefnyddiol pe gallech nodi ym mha iaith yr hoffech gael eich clywed.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

Soundness Test 3

This policy requires the preparation of a Welsh Language Impact Assessment “*setting out how a proposed development will protect, promote and enhance the Welsh Language*” for “*windfall residential development of 5 or more dwellings; retail, commercial or industrial developments with a total floorspace of 1000sqm or more or a site area measuring more than 1 hectare*” in areas of Welsh language sensitivity, as identified on the Proposals Map.

Whilst we do not object to this requirement, we note that neither the proposals map nor the interactive constraints map include any designation for areas of Welsh language sensitivity. At present, this policy fails Soundness Test 3 as it cannot be implemented.

Soundness Tests 1 and 3

The general development principles set out in this policy will apply to all new developments and are broadly aligned with the Welsh Government's commitment to sustainability, placemaking and the wellbeing of future generations. We agree with the majority of the criteria contained within the policy but would note the following:

1. Criterion 2 should separate visual impact from the pollution impacts;
2. In line with the approach set out in criteria 3, 4 and 5, the policy should allow for mitigation measures in respect of visual and pollution impacts (criterion 2), highway impacts (criterion 6), flood risk (criterion 8), and water quality (criterion 9). This would reflect the provisions of PPW which states that mitigation measures can be applied to planning permissions in order to address any potentially adverse impacts associated with development proposals.

The proposed development will be designed to comply with each of the criteria set out in Policy GN1 and evidence will be provided with the planning application in respect of these matters.

6. Os ydych yn gwrthwynebu'r Cynllun Datblygu Lleol, ydych am siarad mewn sesiwn gwrandawriad yr Archwiliad cyhoeddus?

Ar y cam hwn, gallwch wneud sylwadau'n ysgrifenedig yn unig (gelwir y rhain yn 'sylwadau ysgrifenedig'). Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. Ond dylech gofio y bydd yr Arolygydd yn rhoi'r un pwys ar eich sylwadau ysgrifenedig ar y ffurflen hon â'r rheiny a wneir ar lafar mewn sesiwn gwrandawriad. Sylwer hefyd y bydd yr Arolygydd yn pennu'r weithdrefn fwyaf priodol ar gyfer darparu ar gyfer y rhain sydd eisiau rhoi tystiolaeth lafar.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

Caiff Cynllun Datblygu Lleol Cyngor Sir Penfro ei archwilio gan Arolygydd annibynnol a benodir gan Lywodraeth Cymru. Gwaith yr Arolygydd yw ystyried a yw'r Cynllun yn bodloni **gofynion gweithdrefnol** ac a yw'n **gadarn**.

1. Ydy'r cynllun yn ffitio? (h.y. a yw'n gyson â chynlluniau eraill?)
2. Ydy'r cynllun yn briodol? (h.y. a yw'n briodol ar gyfer yr ardal yng ngoleuni'r dystiolaeth?)
3. A fydd y cynllun yn cyflawni? h.y. a yw'n debygol o fod yn effeithiol?)

Darperir rhagor o wybodaeth am y profion cadernid a gofynion gweithdrefnol yn Arweiniad Gweithdrefnol ar Archwiliadau Cynllun Datblygu Lleol yr Arolygiaeth Gynllunio.

Os ydych yn gwrthwynebu, dylech ddweud pam rydych yn credu bod y Cynllun yn ansad a sut y dylid newid y Cynllun er mwyn ei wneud yn gadarn.

Lle cynigiwch newid i'r Cynllun, byddai o gymorth esbonio pa brawf/brofion cadernid y credwch y mae'r Cynllun yn eu methu. Os yw eich sylw yn perthyn i'r ffordd gafodd y Cynllun ei baratoi neu'r ffordd yr ymgynghorwyd arno, mae'n debygol y bydd eich sylwadau yn perthyn i 'ofynion gweithdrefnol'.

Fydd methu adnabod prawf ddim yn golygu na chaiff eich sylwadau eu hystyried, cyhyd â'i fod yn perthyn i'r Newidiadau Canolbwyntiedig. Dylech gynnwys eich holl sylwadau ar y ffurflen, gan ddefnyddio dogfennau ychwanegol a thystiolaeth ategol lle bod angen.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

Please note that the Inspector will not have access to comments you may have made in response to previous consultations.

Soundness Tests 1, 2 and 3

This policy provides criteria against which the sustainability and placemaking attributes of a proposed development will be assessed. These are generally consistent with the Welsh Government's policy requirements, as set out in PPW and Future Wales.

We do, however, have a concern about the requirement in criterion 3 for the use of "local and sustainable construction materials".

Whilst paragraph 5.23 of the consultation document states that recycled materials are expected where appropriate, no further guidance is provided to understand what either term might mean when applied during the determination of planning applications. From experience, some materials can be extremely hard to source locally in Pembrokeshire and/or can result in viability pressures that have unintended consequences to the delivery of wider objectives in the plan. Limiting the source location of materials to the local area is likely to be unsustainable in itself and is not justified in the supporting text or evidence base.

PPW does not have the same restrictions. Instead it references the Circular Economy and encourages the adoption of these principles as part of policies and development management decisions where possible (from paragraph 5.11).

Failing to include realistic policy criterion is likely to undermine the goals of the policy and will almost certainly be applied in an inconsistent way.

Recognising the intention to seek to reduce the use of resources, to reduce climate change emissions, and to adopt an energy efficient response, an alternative approach is proposed. Whilst we appreciate the requirement for the use of local and sustainable construction materials, it should be replaced with a new criterion requiring the exploration of opportunities in line with the circular economy principles on a project-by-project basis, subject to viability. Any such policy requirement should be precise and measurable.

Placemaking and sustainable design will be a golden thread throughout the design and master planning process at Slade Lane, and throughout all of the development process. This emphasises the Welsh Government's commitment to creating sustainable places. The sustainability of the Slade Lane site, and its suitability for development is underlined by the fact that it scores well (+) on the Assessment of Residential Allocations when compared to sustainability objectives in relation to design. Going forwards, the proposed development will be designed to comply with each of the criteria set out in Policy GN2 and evidence will be provided with the planning application in respect of these matters.

5. Please set out your comments below.

Include all the information, evidence and supporting information necessary to support / justify your representation. Please indicate which soundness test(s) the LDP meets or does not meet, and why (see guidance notes for more information). This will help the Authority and the Inspector to understand the issues you raise. You will only be able to submit further information to the examination if the Inspector invites you to address matters that he or she may raise. Please note that the Inspector will not have access to comments you may have made in response to previous consultations.

It is accepted that new development should be expected to provide or fund infrastructure, services or community facilities where any additional demand exceeds existing capacity, and any necessary improvements are not already programmed.

We welcome the fact that, in accordance with national policy and legislation, the policy requires any such provision/contribution to be related in scale and kind to the development, and we agree that provision should be made on site wherever appropriate; this would ensure that new facilities can be directed to the location of greatest need. It is further welcomed that the policy acknowledges the importance of having regard to viability considerations when seeking planning obligations. This is critical to the deliverability of development and the ability to meet identified development needs in the area. Whilst the policy indicates that affordable housing will be prioritised in the event that not all of the identified contributions can be viably delivered, we note that some of the requirements are required by building regulations (e.g. renewable and low carbon energy and full fibre broadband connectivity) and national policy (e.g. biodiversity and Green Infrastructure). A careful balance is therefore required between potentially competing priorities to ensure that the ability to prioritise – or even to achieve – the delivery of affordable housing provision is not undermined.

Ticiwch yma os ydych chi'n cyflwyno deunydd ychwanegol i gefnogi eich sylw.

6. Os ydych yn gwrthwynebu'r Cynllun Datblygu Lleol, ydych am siarad mewn sesiwn gwrandawriad yr Archwiliad cyhoeddus?

Ar y cam hwn, gallwch wneud sylwadau'n ysgrifenedig yn unig (gelwir y rhain yn 'sylwadau ysgrifenedig'). Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. Ond dylech gofio y bydd yr Arolygydd yn rhoi'r un pwys ar eich sylwadau ysgrifenedig ar y ffurflen hon â'r rheiny a wneir ar lafar mewn sesiwn gwrandawriad. Sylwer hefyd y bydd yr Arolygydd yn pennu'r weithdrefn fwyaf priodol ar gyfer darparu ar gyfer y rhain sydd eisiau rhoi tystiolaeth lafar.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

Nid wyf am siarad mewn sesiwn gwrandawriad ac rwyf yn fodlon i'm sylwadau

Caiff Cynllun Datblygu Lleol Cyngor Sir Penfro ei archwilio gan Arolygydd annibynnol a benodir gan Lywodraeth Cymru. Gwaith yr Arolygydd yw ystyried a yw'r Cynllun yn bodloni **gofynion gweithdrefnol** ac a yw'n **gadarn**.

'Gellir ystyried 'Cadarn' yn y cyd-destun hwn o fewn ei ystyr arferol o 'dangos barnu da' a 'gellir ymddiried ynddo'. Y cwestiynau neu'r 'profion' y bydd yr Arolygydd yn eu hystyried wrth benderfynu a yw'r Cynllun yn gadarn yw:

1. Ydy'r cynllun yn ffitio? (h.y. a yw'n gyson â chynlluniau eraill?)
2. Ydy'r cynllun yn briodol? (h.y. a yw'n briodol ar gyfer yr ardal yng ngoleuni'r dystiolaeth?)
3. A fydd y cynllun yn cyflawni? h.y. a yw'n debygol o fod yn effeithiol?)

Darperir rhagor o wybodaeth am y profion cadernid a gofynion gweithdrefnol yn Arweiniad Gweithdrefnol ar Archwiliadau Cynllun Datblygu Lleol yr Arolygiaeth Gynllunio.

Os ydych yn gwrthwynebu, dylech ddweud pam rydych yn credu bod y Cynllun yn ansad a sut y dylid newid y Cynllun er mwyn ei wneud yn gadarn.

Lle cynigiwch newid i'r Cynllun, byddai o gymorth esbonio pa brawf/broffion cadernid y credwch y mae'r Cynllun yn eu methu. Os yw eich sylw yn perthyn i'r ffordd gafodd y Cynllun ei baratoi neu'r ffordd yr ymgynghorwyd arno, mae'n debygol y bydd eich sylwadau yn perthyn i 'ofynion gweithdrefnol'.

Fydd methu adnabod prawf ddim yn golygu na chaiff eich sylwadau eu hystyried, cyhyd â'i fod yn perthyn i'r Newidiadau Canolbwyntiedig. Dylech gynnwys eich holl sylwadau ar y ffurflen, gan ddefnyddio dogfennau ychwanegol a thystiolaeth ategol lle bod angen.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

Soundness Tests 2 and 3

The requirement to deliver a mix of types, tenures and sizes of housing is critical to meeting identified market and affordable housing needs and in the creation of balanced communities. The overall aspiration of this policy is supported and is consistent with the requirements of PPW and Future Wales. However, it is important to ensure that the policy can be sufficiently flexible to changes in circumstances and that it does not undermine the delivery of housing in accordance with market conditions.

In respect of the criteria set out in the policy, we would emphasise the following:

1. Maximising the delivery of affordable housing is acknowledged as an important policy aspiration, and aligns with the objectives of Welsh Government. However, as set out in our response to Policy GN3, it is important that any such requirement is subject to a clear appreciation of development viability and that it is implemented in a consistent way.
2. The provision of a mix of housing types, tenures and sizes is fundamental to the creation of mixed communities and the requirement for an "appropriate mix" is supported. We note that paragraph 5.94 states that *"The latest Local Housing Market Assessment (LHMA) sets out the requirements for different affordable housing types including bedroom number and tenure by Housing Market Area."*

The LHMA sets out the projected tenure and size of new housing that will be required in Pembrokeshire over the LDP2 period, but does not disaggregate this to each Community Area. The types of tenure include owner-occupied, private rented, home buy/homes within reach, shared ownership or help to buy and social rent. The size of new homes ranges from one bedroom to four bedrooms. The analysis concludes that just 19.4% of new owner-occupied accommodation that is to be provided in Pembrokeshire between 2020 and 2033 should provide four or more bedrooms. We consider this figure to be too low and may constrain the ability to meet the needs of local communities.

In accordance with the judgment of Richards LJ in *(Cherkley Campaign Ltd) v Mole Valley District Council and Longshot Cherkley Court Ltd* (EWCA Civ567, 2014), it is important to differentiate between the policy and supporting text:

"The policy is what is contained in the box. The supporting text is an aid to the interpretation of the policy but is not itself policy. To treat as part of the policy what is said in the supporting text about a requirement to demonstrate need is to read too much into the policy. ... In my judgment paragraph 12.71 goes further than the policy and has no independent force when considering whether a development conforms with the Local Plan..." (Paragraph 21).

It is not clear in this case whether the Council is seeking adherence to the housing mix set out in the LHMA but if that is the intention, the requirement is not currently contained in policy. Restricting any consideration of housing mix to the LHMA would also base it at a point in time and so may not reflect the prevailing conditions at the time of determination of a planning application. To this end, it is noted that the LHMA was published in July 2021 and is therefore already considered out of date as it does not fully have regard to the impact of post-COVID-19 trends on household occupancy rates. This reduces its ability to serve as a basis by which the future housing mix of development proposals might be assessed.

Furthermore, we would caution against any approach that conflates household size with the size of dwelling that are needed, as such an approach would fail to reflect the choices made by households in the open market as to the size and type of home that they wish to occupy.

3. In respect of Criterion C, we assume that the policy objective is to avoid an over-concentration of secondary residences and short-term lets. However, as presently drafted, it appears to seek a mix of residential use types e.g. secondary and short-term as part of any residential development. We consider that this criterion would benefit from redrafting to ensure greater clarity to control short term lets and second homes and define what is meant by 'appropriate mix'.
4. In order to ensure that the LDP maintain flexibility throughout the Plan period, we consider that Criterion D should be amended to refer to "*Lifetimes Homes Standards or equivalent...*"
5. The requirement to build dwellings in accordance with identified space standards is accepted, although Criterion E should set out the space standard to which new development should comply.

Whilst we support the principle of Policy GN15, we consider that the amendments set out above would ensure compliance with Tests of Soundness 2 and 3.

Os ydych am awgrymu safle newydd, dylech atodi cynllun o'r safle yn nodi ffiniau'r safle rydych am eu cynnwys yn y Cynllun a rhoi manylion am ei ddefnydd arfaethedig. Dylech ystyried a oes angen i'r ffurflen sylwadau hon gael ei hategu gan arfarniad o gynaliadwyedd. Lle bo gan newidiadau arfaethedig i Gynllun Datblygu effeithiau cynaliadwyedd sylweddol, bydd angen i chi ddarparu'r wybodaeth berthnasol ar gyfer arfarnu cynaliadwyedd. Mae'n rhaid i'r wybodaeth hon fod yn gyson â chwmpas a lefel manylder yr arfarniad o gynaliadwyedd a gynhaliwyd gan yr Awdurdod. Dylai hefyd gyfeirio at yr un wybodaeth waelodlin wrth amlygu effeithiau sylweddol tebygol y polisi arfaethedig neu safle newydd.

If you want to suggest a new site, please attach a site plan identifying the boundaries of the site you wish to be included in the Plan and provide details of its proposed use. You should consider whether it is necessary for this comments form to be accompanied by a sustainability appraisal. Where proposed changes to a development plan have significant sustainability effects, you will need to provide the relevant sustainability appraisal information. This information must be consistent with the scope and level of detail of the sustainability appraisal conducted by the Authority. It should also refer to the same baseline information in identifying the likely significant effects of the revised policy or new site.

5. Rhestrwch eich sylwadau isod.

Dylech gynnwys yr holl wybodaeth, tystiolaeth a gwybodaeth ategol sydd eu hangen i gefnogi/cyfiawnhau eich sylw. Nodwch pa brawf/proffion cadernid mae'r Cynllun Datblygu Lleol yn eu bodloni neu nad yw'n eu bodloni a pham (gweler y nodiadau cyfarwyddyd i gael rhagor o wybodaeth). Bydd hyn yn helpu'r Awdurdod a'r Arolygydd i ddeall y materion y byddwch yn eu codi.

Dim ond os bydd yr Arolygydd yn eich gwahodd i fynd i'r afael â materion y bydd yn eu codi y byddwch yn gallu cyflwyno rhagor o wybodaeth i'r archwiliad. Sylwer na fydd yr Arolygydd wedi gallu gweld unrhyw sylwadau y gallech fod wedi'u gwneud mewn ymateb i ymgynghoriadau blaenorol.

5. Please set out your comments below.

Include all the information, evidence and supporting information necessary to support / justify your representation. Please indicate which soundness test(s) the LDP meets or does not meet, and why (see guidance notes for more information). This will help the Authority and the Inspector to understand the issues you raise. You will only be able to submit further information to the examination if the Inspector invites you to address matters that he or she may raise. Please note that the Inspector will not have access to comments you may have made in response to previous consultations.

Virtual connectivity is a key contributor to social inclusion in a society that is increasingly dependent on internet connectivity to access services. The digitisation of society also means that virtual connectivity is needed to improve life prospects for children that may need internet access to study, or to develop digital literacy skills in preparation for the working world. Digital inclusion also helps to overcome loneliness where residents, and older people in particular, live away from their family and friends by providing them with access to social media platforms. Another social value outcome for elderly residents is that they are provided with digital inclusion to access services, like banking and local authority services, that are transitioning to online services.

In the light of this acknowledged importance, the provision of broadband connectivity is supported and compliant with the requirements for the wellbeing of future generations and Future Wales. In addition, building regulations require new homes in Wales to benefit from full fibre broadband connectivity. The draft policy would therefore also comply with that requirement.

Ticiwch yma os ydych chi'n cyflwyno deunydd ychwanegol i gefnogi eich sylw.

6. Os ydych yn gwrthwynebu'r Cynllun Datblygu Lleol, ydych am siarad mewn sesiwn gwrandawriad yr Archwiliad cyhoeddus?

Ar y cam hwn, gallwch wneud sylwadau'n ysgrifenedig yn unig (gelwir y rhain yn 'sylwadau ysgrifenedig'). Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. Ond dylech gofio y bydd yr Arolygydd yn rhoi'r un pwys ar eich sylwadau ysgrifenedig ar y ffurflen hon â'r rheiny a wneir ar lafar mewn sesiwn gwrandawriad. Sylwer hefyd y bydd yr Arolygydd yn pennu'r weithdrefn fwyaf priodol ar gyfer darparu ar gyfer y rhain sydd eisiau rhoi tystiolaeth lafar.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

The Slade Lane site has been allocated for community facilities, with the proposed use identified as a primary school (LDP 2 ref. CF/040/01). The draft policy states that the size of the proposed school will depend on the outcome of the ongoing masterplanning exercise. Os ydych am awgrymu safle newydd, dylech atodi cynllun o'r safle yn nodi ffiniau'r safle rydych am eu cynnwys yn y Cynllun a rhoi manylion am ei ddefnydd arfaethedig. Dylech ystyried a oes angen i'r ffurflen sylwadau hon gael ei hategu gan arfarniad o gynaliadwyedd. Lle bo gan newidiadau arfaethedig i Gynllun Datblygu effeithiau cynaliadwyedd sylweddol, bydd angen i chi ddarparu'r wybodaeth berthnasol ar gyfer arfarnu cynaliadwyedd. Mae'n rhaid i'r wybodaeth hon fod yn gyson â chwmpas a lefel manylder yr arfarniad o gynaliadwyedd a gynhaliwyd gan yr Awdurdod. If you want to suggest a new site, please attach a site plan identifying the boundaries of the site you wish to be included in the Plan and provide details of its proposed use. You should consider whether it is necessary for this comments form to be accompanied by a sustainability appraisal. Where proposed changes to a development plan have significant sustainability effects, you will need to provide the relevant sustainability appraisal information. This information must be consistent with the scope and level of detail of the sustainability appraisal conducted by the Authority. It should also refer to the same baseline information in identifying the likely significant effects of the revised policy or new site.

5. Rhestrwch eich sylwadau isod.

Bydd hyn yn helpu'r Awdurdod a'r Arolygydd i ddeall y materion y byddwch yn eu codi.

Dim ond os bydd yr Arolygydd yn eich gwahodd i fynd i'r afael â materion y bydd yn eu codi y byddwch yn gallu cyflwyno rhagor o wybodaeth i'r archwiliad. Sylwer na fydd yr Arolygydd wedi gallu gweld unrhyw sylwadau y gallech fod wedi'u gwneud mewn ymateb i ymgynghoriadau blaenorol.

5. Please set out your comments below.

Include all the information, evidence and supporting information necessary to support / justify your representation. Please indicate which soundness test(s) the LDP meets or does not meet, and why (see guidance notes for more information). This will help the Authority and the Inspector to understand the issues you raise. You will only be able to submit further information to the examination if the Inspector invites you to address matters that he or she may raise. Please note that the Inspector will not have access to comments you may have made in response to previous consultations.

The importance of avoiding unacceptable harm to trees, woodlands and hedgerows of significant green infrastructure, ecological, public amenity or cultural value is accepted, as is the importance of protecting areas of ancient woodland wherever possible. Recognising that it might be necessary to remove some trees and hedges to facilitate development, the policy takes an appropriate approach in terms of seeking to ensure that any such impacts can be minimised, and complementary provision can be made in accordance with the requirements of PPW.

There are two small patches of ancient woodland (as identified on the LDP Deposit 2 Constraints map) in the southeast corner of the Slade Lane site. This important feature will inform the design process, with no development proposed on the site of the ancient woodland and adequate off-sets being maintained to avoid any harm to the ancient woodland. In accordance with the requirements of Policy GN43, consideration will also be given to maximising the retention of existing vegetation, trees, woodland and hedges within the proposed development site and mitigating any loss through new planting in accordance with PPW requirements of re-planting trees at a ratio of at least three trees of a similar type and compensatory size for every one tree lost.

6. Os ydych yn gwrthwynebu'r Cynllun Datblygu Lleol, ydych am siarad mewn sesiwn gwrandawriad yr Archwiliad cyhoeddus?

Ar y cam hwn, gallwch wneud sylwadau'n ysgrifenedig yn unig (gelwir y rhain yn 'sylwadau ysgrifenedig'). Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. Ond dylech gofio y bydd yr Arolygydd yn rhoi'r un pwys ar eich sylwadau ysgrifenedig ar y ffurflen hon â'r rheiny a wneir ar lafar mewn sesiwn gwrandawriad. Sylwer hefyd y bydd yr Arolygydd yn pennu'r weithdrefn fwyaf priodol ar gyfer darparu ar gyfer y rhain sydd eisiau rhoi tystiolaeth lafar.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

Nid wyf am siarad mewn sesiwn gwrandawriad ac rwyf yn fodlon i'm sylwadau ysgrifenedig gael eu hystyried gan yr Arolygydd.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

Soundness Tests 1 and 2

This policy sets out that all development proposals should demonstrate a positive approach to maintaining and enhancing biodiversity. Any developments that would harm biodiversity features will only be permitted in exceptional circumstances, where effects are minimised or mitigated. All development must submit a Green Infrastructure Statement to demonstrate a net benefit for biodiversity in accordance with the stepwise approach.

It is recognised that the policy aims to ensure that species and their habitats are maintained from the potentially adverse effects of development and are then enhanced.

Chapter 6 of PPW sets out that any non-statutory protected sites should apply the step-wise approach to determine the impacts on habitats and species. As it is currently written, draft policy GN 44 makes no allowance for the step-wise approach to be considered in the same way. The draft policy introduces a need to demonstrate exceptional circumstances for every proposal where any habitat or a protected species might be disturbed. This is extremely limiting. Notwithstanding that the "exceptional circumstances" is not defined; the threshold is far in excess of the approach taken in PPW which balances the need for (a range of) development against the need to maintain and enhance biodiversity and the resilience of ecosystems.

Accordingly, the second paragraph of the emerging policy should be reviewed in its entirety.

The proposed development site at Slade Lane is greenfield and Thomson Environmental will demonstrate a net benefit for biodiversity based on its ecological assessments. The proposal site is not located in a statutory designated site which forms the start of demonstrating the stepwise approach. Adherence to the stepwise approach will be demonstrated throughout the planning application documents.

Dylech ystyried a oes angen i'r ffurflen sylwadau hon gael ei hategu gan arfarniad o gynaliadwyedd. Lle bo gan newidiadau arfaethedig i Gynllun Datblygu effeithiau cynaliadwyedd sylweddol, bydd angen i chi ddarparu'r wybodaeth berthnasol ar gyfer arfarnu cynaliadwyedd. Mae'n rhaid i'r wybodaeth hon fod yn gyson â chwmpas a lefel manylder yr arfarniad o gynaliadwyedd a gynhaliwyd gan yr Awdurdod. If you want to suggest a new site, please attach a site plan identifying the boundaries of the site you wish to be included in the Plan and provide details of its proposed use. You should consider whether it is necessary for this comments form to be accompanied by a sustainability appraisal. Where proposed changes to a development plan have significant sustainability effects, you will need to provide the relevant sustainability appraisal information. This information must be consistent with the scope and level of detail of the sustainability appraisal conducted by the Authority. It should also refer to the same baseline information in identifying the likely significant effects of the revised policy or new site.

5. Rhestrwch eich sylwadau isod.

Dylech gynnwys yr holl wybodaeth, tystiolaeth a gwybodaeth ategol sydd eu hangen i gefnogi/cyfiawnhau eich sylw. Nodwch pa brawf/profion cadernid mae'r Cynllun Datblygu Lleol yn eu bodloni neu nad yw'n eu bodloni a pham (gweler y nodiadau cyfarwyddyd i gael rhagor o wybodaeth). Bydd hyn yn helpu'r Awdurdod a'r Arolygydd i ddeall y materion y byddwch yn eu codi.

Dim ond os bydd yr Arolygydd yn eich gwahodd i fynd i'r afael â materion y bydd yn eu codi y byddwch yn gallu cyflwyno rhagor o wybodaeth i'r archwiliad. Sylwer na fydd yr Arolygydd wedi gallu gweld unrhyw sylwadau y gallech fod wedi'u gwneud mewn ymateb i ymgynghoriadau blaenorol.

5. Please set out your comments below.

Include all the information, evidence and supporting information necessary to support / justify your representation. Please indicate which soundness test(s) the LDP meets or does not meet, and why (see guidance notes for more information). This will help the Authority and the Inspector to understand the issues you raise. You will only be able to submit further information to the examination if the Inspector invites you to address matters that he or she may raise. Please note that the Inspector will not have access to comments you may have made in response to previous consultations.

The importance of integrating new development into the existing landscape is acknowledged, as is the importance of ensuring adequate mitigation where any development might otherwise have an adverse impact on protected landscape. This approach is consistent with that required by PPW and Future Wales.

The Slade Lane development site is not located in a landscape character area/protected landscape area and so criterion (ii) would not be applicable. The proposed development will border existing residential development along Slade Lane and the Cashfield Estate to the east and will form an extension to the existing urban area. Nevertheless, a detailed assessment of the potential visual impact of the development will shape the masterplanning process careful consideration will be given to ensuring that any potentially adverse impacts can be adequately mitigated.

Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. 6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

The provision of outdoor recreation areas is an important contributor to the health and wellbeing of people living in any area. It is important to ensure that adequate provision is made for outdoor recreation areas and that these meet the needs of the local community in terms of their location, size, design and form. It is entirely appropriate that large-scale residential developments make adequate provision for new recreation areas.

We agree that the Fields in Trust guidance provides an appropriate basis by which to determine the scale of open space provision that is to be delivered as part of a new residential development, although it might be necessary to apply this requirement in a flexible manner, so as to ensure that the most appropriate mix of open space and recreation facilities are provided.

The proposed development site at Slade Lane is currently private land with no dedicated/formal public access. The Masterplan will incorporate areas for outdoor recreation that are well located and of an appropriate size to serve the proposed development. This will result in a significant enhancement in the recreational value of the site, for the benefit of future residents of the site and those already living in the local area.

Os ydych am awgrymu safle newydd, dylech atodi cynllun o'r safle yn nodi ffiniau'r safle rydych am eu cynnwys yn y Cynllun a rhoi manylion am ei ddefnydd arfaethedig. Dylech ystyried a oes angen i'r ffurflen sylwadau hon gael ei hategu gan arfarniad o gynaliadwyedd. Lle bo gan newidiadau arfaethedig i Gynllun Datblygu effeithiau cynaliadwyedd sylweddol, bydd angen i chi ddarparu'r wybodaeth berthnasol ar gyfer arfarnu cynaliadwyedd. Mae'n rhaid i'r wybodaeth hon fod yn gyson â chwmpas a lefel manylder yr arfarniad o gynaliadwyedd a gynhaliwyd gan yr Awdurdod. Dylai hefyd gyfeirio at yr un wybodaeth waelodlin wrth amlygu effeithiau sylweddol tebygol y polisi arfaethedig neu safle newydd.

If you want to suggest a new site, please attach a site plan identifying the boundaries of the site you wish to be included in the Plan and provide details of its proposed use. You should consider whether it is necessary for this comments form to be accompanied by a sustainability appraisal. Where proposed changes to a development plan have significant sustainability effects, you will need to provide the relevant sustainability appraisal information. This information must be consistent with the scope and level of detail of the sustainability appraisal conducted by the Authority. It should also refer to the same baseline information in identifying the likely significant effects of the revised policy or new site.

5. Rhestrwch eich sylwadau isod.

Dylech gynnwys yr holl wybodaeth, tystiolaeth a gwybodaeth ategol sydd eu hangen i gefnogi/cyfiawnhau eich sylw. Nodwch pa brawf/proffion cadernid mae'r Cynllun Datblygu Lleol yn eu bodloni neu nad yw'n eu bodloni a pham (gweler y nodiadau cyfarwyddyd i gael rhagor o wybodaeth). Bydd hyn yn helpu'r Awdurdod a'r Arolygydd i ddeall y materion y byddwch yn eu codi.

Dim ond os bydd yr Arolygydd yn eich gwahodd i fynd i'r afael â materion y bydd yn eu codi y byddwch yn gallu cyflwyno rhagor o wybodaeth i'r archwiliad. Sylwer na fydd yr Arolygydd wedi gallu gweld unrhyw sylwadau y gallech fod wedi'u gwneud mewn ymateb i ymgynghoriadau blaenorol.

5. Please set out your comments below.

Include all the information, evidence and supporting information necessary to support / justify your representation. Please indicate which soundness test(s) the LDP meets or does not meet, and why (see guidance notes for more information). This will help the Authority and the Inspector to understand the issues you raise. You will only be able to submit further information to the examination if the Inspector invites you to address matters that he or she may raise. Please note that the Inspector will not have access to comments you may have made in response to previous consultations.

This report includes a County-wide Viability Assessment of the Council's Housing policies, with a particular focus on the financial viability of affordable housing and other s.106 obligations on market-led residential development sites.

The first conclusion derived from this Study is that it should be financially viable for market led residential developments to deliver the following levels of affordable housing onsite, as part of the overall mix of dwelling types and tenures in those developments:

Housing Market Area		Site Size (N° of Dwellings) & AH %age on site					
Band	£ psm	6 - 9	10 - 19	20 - 32	33 - 49	50 - 99	100 +
1	£2,300	0.0%	0.0%	0.0%	0.0%	0.0%	0.0%
2	£2,600	0.0%	0.0%	0.0%	0.0%	5.0%	17.5%
3	£2,900	0.0%	12.5%	15.0%	20.0%	25.0%	25.0%
4	£3,200	25.0%	25.0%	30.0%	35.0%	40.0%	N/A

The viability assessment acknowledges and makes reference to the fact that PPW requires local planning authorities to define key sites and undertake a detailed assessment of the expected development viability of such sites. This is essential given the importance of such sites to the delivery of LDP objectives and to meeting the identified needs.

Appendix F contains a list of the ten key sites that were reviewed. These range from 51 to 147 dwellings in size. Critically, Slade Lane is not included in this list of sites. Given its size and importance to the overall LDP strategy, this is a significant omission. The scale of the site means that it is not comparable with any of the key sites or any of the typologies that have been tested (noting that a 120-dwelling scheme is used for the purposes of testing the 100+ dwelling typology).

The Development Plans Manual is clear that "allocations rolled forward from a previous plan will require careful justification for inclusion in a revised plan, aligning with PPW." It goes on to state that such "sites should be subject to the same candidate site process required for new sites." Our representations to Policies GN16 and GN18 address this matter. However, of relevance to the viability assessment is a concern that the Council has failed to follow due process and that this might undermine the inclusion of this important site. We are satisfied that the proposed development at Slade Lane is viable and deliverable (subject to correcting the erroneous reference to an 83% affordable housing requirement). By way of resolution, we would be pleased to work with the Council at the earliest opportunity to ensure that the viability of this important site is fully tested.

6. Os ydych yn gwrthwynebu'r Cynllun Datblygu Lleol, ydych am siarad mewn sesiwn

gwrandawriad yr Archwiliad cyhoeddus?

Ar y cam hwn, gallwch wneud sylwadau'n ysgrifenedig yn unig (gelwir y rhain yn 'sylwadau ysgrifenedig'). Fodd bynnag, gall pawb sydd am newid y Cynllun ymddangos gerbron yr Arolygydd a siarad mewn 'sesiwn gwrandawriad' yn ystod yr Archwiliad cyhoeddus. Ond dylech gofio y bydd yr Arolygydd yn rhoi'r un pwys ar eich sylwadau ysgrifenedig ar y ffurflen hon â'r rheiny a wneir ar lafar mewn sesiwn gwrandawriad. Sylwer hefyd y bydd yr Arolygydd yn pennu'r weithdrefn fwyaf priodol ar gyfer darparu ar gyfer y rhain sydd eisiau rhoi tystiolaeth lafar.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

Nid wyf am siarad mewn sesiwn gwrandawriad ac rwyf yn fodlon i'm sylwadau ysgrifenedig gael eu hystyried gan yr Arolygydd.

I do not want to speak at a public hearing and am happy for my written representations to be considered by the Inspector.

If you want to participate in a hearing, indicate below what you want to speak about (e.g. 'Housing site at Pen y Graig' or 'The overall housing target').

9. Os ydych am siarad, byddai'n ddefnyddiol pe gallech nodi ym mha iaith yr hoffech gael eich clywed.

9. If you wish to speak, it would be helpful if you could indicate in which language you would like to be heard.

Guidance notes

Caiff Cynllun Datblygu Lleol Cyngor Sir Penfro ei archwilio gan Arolygydd annibynnol a benodir gan Lywodraeth Cymru. Gwaith yr Arolygydd yw ystyried a yw'r Cynllun yn bodloni **gofynion gweithdrefnol** ac a yw'n **gadarn**.

'Gellir ystyried 'Cadarn' yn y cyd-destun hwn o fewn ei ystyr arferol o 'dangos barnu da' a 'gellir ymddiried ynddo'. Y cwestiynau neu'r 'profion' y bydd yr Arolygydd yn eu hystyried wrth benderfynu a yw'r Cynllun yn gadarn yw:

1. Ydy'r cynllun yn ffitio? (h.y. a yw'n gyson â chynlluniau eraill?)
2. Ydy'r cynllun yn briodol? (h.y. a yw'n briodol ar gyfer yr ardal yng ngoleuni'r dystiolaeth?)
3. A fydd y cynllun yn cyflawni? h.y. a yw'n debygol o fod yn effeithiol?)

Darperir rhagor o wybodaeth am y profion cadernid a gofynion gweithdrefnol yn Arweiniad Gweithdrefnol ar Archwiliadau Cynllun Datblygu Lleol yr Arolygiaeth Gynllunio.

Os ydych yn gwrthwynebu, dylech ddweud pam rydych yn credu bod y Cynllun yn ansad a sut y dylid newid y Cynllun er mwyn ei wneud yn gadarn.

Lle cynigiwch newid i'r Cynllun, byddai o gymorth esbonio pa brawf/broffion cadernid y credwch y mae'r Cynllun yn eu methu. Os yw eich sylw yn perthyn i'r ffordd gafodd y Cynllun ei baratoi neu'r ffordd yr ymgynghorwyd arno, mae'n debygol y bydd eich sylwadau yn perthyn i 'ofynion gweithdrefnol'.

Fydd methu adnabod prawf ddim yn golygu na chaiff eich sylwadau eu hystyried, cyhyd â'i fod yn perthyn i'r Newidiadau Canolbwyntiedig. Dylech gynnwys eich holl sylwadau ar y ffurflen, gan ddefnyddio dogfennau ychwanegol a thystiolaeth ategol lle bod angen.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

Hoffem gael eich barn am y Cynllun Datblygu Lleol ac ar ddogfennau sy'n cefnogi'r Cynllun Datblygu Lleol. Sylwch: **Ni fydd** sylwadau a wneud ar Gynllun Adneuo 2020 yn cael eu symud ymlaen ac mae angen gwneud sylwadau newydd ar y Cynllun Adneuo presennol hwn.

Os ydych yn cyflwyno copi papur, atodwch dudalennauychwanegol lle bod angen. Mae gan y ffurflen hon ddwy ran: Rhan A (Manylion personol) a Rhan B (eich sylw). Sylwer y bydd Rhan B ar gael i'r cyhoedd a chaiff ei hanfon at Yr Arolygiaeth Gynllunio.

Soundness Test 3

We fully support the allocation of land at Slade Lane (LDP2 ref. S/HSG/040/LDP2/6) for residential development and agree with the estimated total capacity of c.1,010 dwellings on the site. The site is located within the defined Haverfordwest settlement boundary and is very close to the town centre. Ongoing site investigations have not identified any site-specific constraints that would prevent development from coming forward. Rather, the opportunity exists to bring forward a development in this location that would make a major contribution to meeting identified housing needs whilst also providing a new primary school and a large amount of publicly accessible open space and Green Infrastructure, together with an increase in biodiversity value.

This site is allocated in the currently adopted LDP and some progress has already occurred in respect of its delivery:

1. Planning permission was granted in July 2019 (Reference: 18/1040/PA) for the development of 115 dwellings (including 42 affordable homes – 36.5%). Lovell has commenced construction in respect of this permission and the first homes will soon be occupied.
2. A planning application for the approval of Reserved Matters in respect of the second phase of development comprising of 103 dwellings (including 50% (52) affordable units) was submitted in August 2024 (Reference: 24/0497/PA).

These two phases of development amount to a total of 218 dwellings, of which 94 (43%) will be provided as affordable homes. We anticipate that these phases of development will be delivered in full within the LDP2 period.

Further progress has been achieved in respect of this site by the appointment by Welsh Government of a consultancy team – led by Lichfields – to prepare and submit an outline planning application for the remainder of the site. It is expected that the application will be submitted in early 2026 and we anticipate that construction work will commence in 2030. Going forward we have assumed a modest average build rate of 50dpa for the site. This is based on the research contained in the third edition of Lichfields' research, *Start to Finish: How quickly do large scale housing sites deliver* (July 2024). That research identified a mean delivery rate of 67dpa for sites comprising of between 500 and 999 dwellings (median 68dpa), albeit that the interquartile range was between 44dpa and 83dpa. Given the location of the site, we have adopted a figure towards the lower end of this range although it is possible that a higher annual build rate might be achieved once the site is fully operational.

Based on this assumed build rate, we anticipate that an additional 150 dwellings could come forward on the site by 2033 (i.e. in addition to any completions on Phases 1 and 2 identified above). When added to Phases 1 and 2, this suggests that a total of 368 dwellings could be delivered on the site within the emerging LDP period – 11.5% more than the figure of 330 set out in draft policy GN16. This would be important in increasing its contribution to the identified housing requirement over the period to 2033. We do note, however, that the table in Policy GN16 refers to the "minimum number of units in Plan period".

Welsh Government is committed to the delivery of affordable housing and anticipates that the proposed development at Slade Lane will include a range of different types of affordable housing. Policy GN16 identifies an indicative affordable housing requirement of 275 dwellings. This equates to 27.2% of the anticipated number of dwellings across the site. However, the table refers to an 83% affordable housing provision on the site. This is based on 275 affordable homes as a proportion of the stated minimum number of units in the Plan period (i.e. 275 as a percentage of 330). We assume that this is an error:

1. The figure of 83% is predicated on the assumption that 275 affordable homes would be delivered on site by 2033. Based on the level of affordable housing proposed in Phases 1 and 2 (94 affordable homes out of 218 proposed dwellings), a further 181 affordable homes would be required to meet the Council's target. This represents an impossible residual affordable housing requirement of 162% (i.e. an additional 181 affordable homes out of an additional 112 homes to be provided on site by 2033 – based on the Council's estimated delivery).
2. We set out in our representation regarding the Council's viability assessment that the Slade Lane site should have been included as one of the Key Sites set out in Appendix F. Notwithstanding that, we note that the viability assessment concluded that the highest level of affordable housing that can be viably delivered in any part of Pembrokeshire is 25% whilst Policy GN20 sets out a requirement for 30% affordable housing for sites in Band 3 that will deliver 100 or more houses (this in itself raises questions regarding the translation of evidence to policy). There is absolutely no suggestion that an 83% requirement could be sustained and no justification for the figure that the Council has set out in the table.

By way of resolution to this issue, the table can and should be amended to correct this error and reflect the actual requirement that is sought by the Council.

We are satisfied that the proposed development at Slade Lane is viable and deliverable and, in the absence of a specific consideration of this site in the viability assessment, we would be very keen to work with PCC at the earliest opportunity to ensure that the viability of this important site can be fully tested.

The table in Policy GN16 also states that it is not known whether the Slade Lane site has potential for self-build housing. In respect of this, we can confirm that Welsh Government is exploring the possibility of making part of the site available for community-led housing and self-build plots, in addition to making some development parcels available to assist SME home builders.

6. If you are objecting to the LDP, do you want to speak at a hearing session of the public examination?

At this stage, you can only make comments in writing (these are called 'written representations'). However, everyone that wants to change the Plan can appear before and speak to the Inspector at a 'hearing session' during the public examination. But you should bear in mind that your written comments on this form will be given the same weight by the Inspector as those made verbally at a hearing session. Please also note that the Inspector will determine the most appropriate procedure for accommodating those who want to provide oral evidence.

The Pembrokeshire County Council Local Development Plan (LDP) will be examined by an independent Inspector appointed by the Welsh Government. It is the Inspector's job to consider whether the Plan meets procedural requirements and whether it is sound.

'Sound' may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted'. The questions or 'tests' which the Inspector will consider in deciding whether the Plan is sound are:

1. Does the plan fit? (i.e. is it consistent with other plans?)
2. Is the plan appropriate? (i.e. is it appropriate for the area in the light of the evidence?)
3. Will the plan deliver? (i.e. is it likely to be effective?)

More information on the soundness tests and procedural requirements is provided in the Planning Inspectorate's LDP Examinations Procedural Guidance.

If you are making an objection, you should say why you think the Plan is unsound and how the Plan should be changed to make it sound.

Where you propose a change to the Plan it would be helpful to make clear which test(s) of soundness you believe the Plan fails. If your comment relates to the way in which the Plan has been prepared or consulted on, it is likely that your comments will relate to 'procedural requirements'.

Failing to identify a test will not mean that your comments will not be considered, providing it relates to the Plan or its supporting documents. You should include all your comments on the form, using accompanying documents and supporting evidence where necessary.

Os ydych yn ceisio am fwy nag un newid i'r Cynllun, nid yw bob tro yn angenrheidiol i lenwi ffurflenni ar wahân ar gyfer pob darn o'ch sylw. Fodd bynnag, gallai fod yn ddefnyddiol o bosibl i ddefnyddio dwy ffurflen ar wahân os ydych yn dymuno siarad mewn gwrandawriad am rai gwrthwynebiadau ond nid rhai eraill.

Pan fydd grŵp yn rhannu barn gyffredin ar sut mae'n dymuno i'r Cynllun gael ei newid, byddai'n ddefnyddiol i'r grŵp hwnnw anfon ffurflen unigol gyda'u sylwadau, yn hytrach na bod nifer fawr o unigolion yn anfon ffurflenni ar wahân yn ailadrodd yr un pwynt. Mewn achosion o'r fath, dylai'r grŵp nodi faint o bobl mae'n eu cynrychioli a sut gafodd y sylw ei awdurdodi. Dylid nodi cynrychiolydd y grŵp (neu'r prif ddeisebydd) yn glir.

If you seek more than one change to the Plan, it is not always necessary to complete separate forms for each part of your representation. It may, however, be helpful to use two separate forms if you wish to speak at a hearing about some objections but not others.

Where a group shares a common view on how it wishes the Plan to be changed, it would be helpful for that group to send a single form with their comments, rather than for a large number of individuals to send in separate forms repeating the same point. In such cases the group should indicate how many people it is representing and how the representation has been authorised. The group's representative (or chief petitioner) should be clearly identified.

Os ydych am awgrymu safle newydd, dylech atodi cynllun o'r safle yn nodi ffiniau'r safle rydych am eu cynnwys yn y Cynllun a rhoi manylion am ei ddefnydd arfaethedig. Dylech ystyried a oes angen i'r ffurflen sylwadau hon gael ei hategu gan arfarniad o gynaliadwyedd. Lle bo gan newidiadau arfaethedig i Gynllun Datblygu effeithiau cynaliadwyedd sylweddol, bydd angen i chi ddarparu'r wybodaeth berthnasol ar gyfer arfarnu cynaliadwyedd. Mae'n rhaid i'r wybodaeth hon fod yn gyson â chwmpas a lefel manylder yr arfarniad o gynaliadwyedd a gynhaliwyd gan yr Awdurdod. Dylai hefyd gyfeirio at yr un wybodaeth waelodlin wrth amlygu effeithiau sylweddol tebygol y polisi arfaethedig neu safle newydd.

If you want to suggest a new site, please attach a site plan identifying the boundaries of the site you wish to be included in the Plan and provide details of its proposed use. You should consider whether it is necessary for this comments form to be accompanied by a sustainability appraisal. Where proposed changes to a development plan have significant sustainability effects, you will need to provide the relevant sustainability appraisal information. This information must be consistent with the scope and level of detail of the sustainability appraisal conducted by the Authority. It should also refer to the same baseline information in identifying the likely significant effects of the revised policy or new site.

5. Rhestrwch eich sylwadau isod.

Dylech gynnwys yr holl wybodaeth, tystiolaeth a gwybodaeth ategol sydd eu hangen i gefnogi/cyfiawnhau eich sylw. Nodwch pa brawf/proffion cadernid mae'r Cynllun Datblygu Lleol yn eu bodloni neu nad yw'n eu bodloni a pham (gweler y nodiadau cyfarwyddyd i gael rhagor o wybodaeth). Bydd hyn yn helpu'r Awdurdod a'r Arolygydd i ddeall y materion y byddwch yn eu codi.

Dim ond os bydd yr Arolygydd yn eich gwahodd i fynd i'r afael â materion y bydd yn eu codi y byddwch yn gallu cyflwyno rhagor o wybodaeth i'r archwiliad. Sylwer na fydd yr Arolygydd wedi gallu gweld unrhyw sylwadau y gallech fod wedi'u gwneud mewn ymateb i ymgynghoriadau blaenorol.

5. Please set out your comments below.

Include all the information, evidence and supporting information necessary to support / justify your representation. Please indicate which soundness test(s) the LDP meets or does not meet, and why (see guidance notes for more information). This will help the Authority and the Inspector to understand the issues you raise. You will only be able to submit further information to the examination if the Inspector invites you to address matters that he or she may raise. Please note that the Inspector will not have access to comments you may have made in response to previous consultations.

Soundness Test 3

We fully support and endorse the allocation of Slade Lane for residential development, open space and a new primary school. As set out in our response to Policy GN16, we consider the site to be sustainable and deliverable and it has the potential to be brought forward in full compliance with the important principles of placemaking and the wellbeing of future generations.

As set out our response to Policy GN16, we consider that the site will deliver more than the stated 330 dwellings within the LDP2 period and, whilst we do not object to the target of 275 affordable homes across the site, we are very concerned about the fact that this has been translated to a requirement for 83% affordable housing.

In respect of the specific requirements of Policy GN18:

1. Whilst Welsh Government is committed to providing a range of types, tenures and sizes of houses on the site, it welcomes the fact that there is no stipulation in respect of these matters in the policy text. Further consideration of the mix of housing to be provided will be considered through the materplanning process and will be most appropriately addressed at Reserved Matters stage. Without being overly specific, the policy should make reference to the importance of providing a range of types, tenures and sizes of houses on the site.
2. However, Welsh Government is exploring the possibility of making part of the site available for community-led housing and self-build plots, in addition to making some development parcels available to assist SME home builders.
3. Discussions are ongoing between Welsh Government and with PCC regarding the proposed education provision on the site. It is agreed that a new primary school should be provided as part of the development (and that a s.106 contribution should be made in respect of secondary education). Full details regarding the location and size of the school (including the quantum of playing space provision), and the required language medium are subject to further discussion and agreement.
4. Welsh Government recognise the importance of providing a range and choice of facilities as part of residential developments in order to meet the needs of future residents without requiring them to travel elsewhere. However, it is also committed to ensuring that the proposed development supports the vitality and future regeneration of Haverfordwest town centre and that it does not undermine the well-being of the town. To this end, Welsh Government will engage in discussions with PCC regarding the type, size and location of any community facilities that are to be provided as part of the Slade Lane development. As there is currently uncertainty in respect of the provision of community facilities as part of the development (over and above the new primary school), we would recommend that the words "if required" should be added in parentheses after the order "other community facilities" in the first paragraph of the policy text.
5. A wide range of open space provision is to be provided on the site. This will include Green Infrastructure, areas for formal and informal play, children's play areas, active travel routes. Open space will be a central design component which will underpin the commitment to placemaking and the wellbeing of future generations – recognising the important link between open space provision and the mental and physical health of residents and users. The policy should reflect the need for a range of different types of open space.

6. In addition, active travel is to be prioritised across the site, with provision made for safe and convenient routes for walking and cycling. This will be important in encouraging a modal shift away from the private car. Connections between the site and the adjoining town centre will also be enhanced in order to provide for safe and convenient access to the town. Consideration will also be given to ensuring suitable access for public transport into the site. To this end, the final sentence of the first paragraph of the policy should be amended to make specific reference to active travel – namely, *“together with integrated proposals for active and sustainable travel.”*
7. The future development will be well integrated with the first two phases and wider urban area. Active travel routes that will run alongside the existing hedgebanks will provide connectivity between the first two phases and the future development, including the proposed primary school and nursery. The active travel routes will also connect into the existing cycle and pedestrian walkway along Thomas Parry Way, to provide a safe and sustainable connection to existing facilities within the centre of Haverfordwest.
8. Welsh Government agrees with PCC regarding the importance of ensuring a co-ordinated approach to the design process. The appointment of a consultant team demonstrates WG’s commitment to this objective. The team is working with PCC to ensure that the development can be brought forward in a way that meets the aspirations of PCC, WG and existing/future communities in a manner that is consistent with key policy ambitions (sustainability, placemaking and the wellbeing of future generations).
9. The consultant team appointed by Welsh Government is progressing the masterplanning process in close liaison with PCC. This will set the parameters for high quality development which will reflect requirements of the LDP and aspirations of Welsh Government, whilst also making a significant contribution to meeting the identified development needs of Pembrokeshire, support regeneration within Haverfordwest town centre, deliver a substantial amount of green infrastructure and embody the principles of sustainability, placemaking and the wellbeing of future generations.
10. The masterplan that is currently being prepared will shape the future development process. This will be agreed with PCC prior to the determination of any planning application. An indicative framework plan could usefully be included as part of the LDP policy for clarity. Key design principles and the masterplan framework will be established through parameters and a strategic design code that will inform subsequent Reserved Matters applications. This will ensure that a sustainable design of the highest quality is delivered. The national Placemaking Principles will inform and run throughout the coding, ensuring they set the framework for future phases. Therefore, it is not considered that the masterplan would need to be specially adopted as Supplementary Planning Guidance.

In summary, Welsh Government is fully supportive of the allocation of Slade Lane for residential development. The proposed allocation will shape the ongoing development of this site – building on from Phase 1 which is currently under construction and Phase 2 which is the subject of an undetermined planning application. Welsh Government considers that by making a number of minor amendments to the policy, it will enhance its ability to shape this important development and its ability to make a meaningful contribution to the identified housing needs of Pembrokeshire and the regeneration and vitality of Haverfordwest.
