I would like to voice my objection to this proposed development in Jeffreyston.

I firmly believe that it would have a major detrimental effect on the character of this lovely village. It would bring increased traffic and therefore safety risks as the narrow roads in the village were not built to handle more traffic than it already does, and it is bad enough now.

Also, the scale of this development is inappropriate for a small rural village, changing the character of our village immensely and depriving us of a green area with loss of natural habitats for wildlife.

Furthermore, there is already a large area of land, adjacent to Sunny Side, in the middle of the village which has been unused for a number of years and is an eyesore.

J Williams
