

## Training Schedule 2019/2020

May 2019

If the course you require is full then please still complete an application form and forward it to the SCWWDP training team with no date - we will let you know when dates are arranged or if a place becomes available.

Also, please note that additional/new courses are still being arranged for the upcoming year and will be advertised fully as soon as the dates are set. If you know of a course that you would like to attend which doesn't appear on the current schedule, please feel free to still apply and we will add you onto the waiting list. We will then inform you when the relevant course is commissioned.
