

Attract – Retain – Develop: A workshop for care providers

Designed for:

Managers, Deputies and staff working in a care setting with a responsibility for recruitment and staff development

Course aim and objectives

A one-day interactive, thought provoking workshop to care providers in West Wales to provide the skills and knowledge to understand and explore ways to attract, retain and develop their people. Participants will leave the workshop able to:

- Understand the importance of living our brand and how this impacts on our reputation and attraction.
- Understand the concept of employee engagement and how this affects the retention and development of our people
- Feel more confident to develop the talent and skills of others
- Write an intention and plan to put the learning into action
