3. Action Log

4 – Property Group update

SPJ noted that a meeting had been held in August to further discuss the concept of a Community Hub building in Fishguard. Health Board colleagues would be sending through information regarding space requirements by the end of September. BR noted that discussions about the Fishguard site were part of a wider discussion around developing a broader vision for delivering services differently and building greater resilience across north Pembrokeshire. SPJ reassured colleagues that the property discussion was part of the wider requirements of a hub concept. Partners agreed that a sub-group be set up to discuss this in further detail. BR agreed to lead on this and set up an initial meeting to scope and plan the project.

BR – ref item 7

4. Well-being Plan Project update – Project 1 Recruitment and Employment Transformation Framework

DE gave an update on initial discussions following a meeting held at the end of July to discuss development of a project plan. Following this meeting, data on employee numbers had been collated from the majority of PSB partners and an estimate of protected roles within organisations applied (e.g. teachers, nurses). From this figures for demand for work experience placements in Pembrokeshire had been identified, divided into age groups and employment status. Using this information a further estimate of the demand for the total number of working days required had been developed, showing that 2% of the available working time of PSB member organisations was needed to fulfil requirements for work placements / trials or experience. The importance of work experience to young people especially was highlighted, in terms of giving them a 'leg up' and providing them with skills and experience for the workplace.

DE also outlined to partners the format of Pembrokeshire College's annual Careers Day held in January. The next Careers Day would be held on 22nd January 2019 and he asked for support from PSB partners who were not already regular attendees.

The proposal was briefly discussed. AD noted the importance of making the process of gaining work experience as un-bureaucratic as possible and considering use of differing levels of work experience, from 3 days to six months, for example, with payment for longer term schemes. CT also suggested that time-banking could be considered as part of the scheme. PSB partners gave support to the project in principle, but asked for further work to be undertaken as follows;

DRAFT

- A definition of 'placement' – what is meant by this, variation in how long they might last etc.
- Engagement with young people to determine what they need from placements
- An analysis of how placements impact on both young people and the wider organisations they are placed with should be built into the project

JF agreed to lead on contacting HR staff within PSB organisations to determine their existing processes for work experience, DBS checks etc. A further update would be provided at the next meeting. **DE/JF**

5. Letter from the Future Generations and Children's Commissioners

NE explained that a letter had been received from the Future Generations Commissioner and Children's Commissioner who are interested in learning about the arrangements the PSB has in place to align its work with the Regional Partnership Board (RPB), and how effective we believe these arrangements are for meeting statutory requirements under the Well-being of Future Generations Act and the Social Services and Well-being Act.

NE noted that he had discussed the letter with Martyn Palfreman, Head of Regional Collaboration and with PSB colleagues in Ceredigion and Carmarthen, and the option of setting up a regional PSB/RPB officers group was under consideration.

RJ noted that there is need to be smarter about recognising the requirement to improve the dialogue between the RPB and PSBs and that there was added value to ensuring an ongoing dialogue when discussing the same area and population. SL also noted that there was an obvious overlap with citizen engagement and working with communities and that the well-being plans of the region all included the same community focus. Some of the good work which had resulted from alignment between the PSB and RPB during the Well-being Assessment/Population Assessment and Well-being Planning phases was noted.

RJ said that there might be an opportunity to draw in some transformation resource from the RPB to support delivery of the community element of well-being plans. She also noted that she had developed a diagram showing the wider determinants of health and links between the work to support well-being being undertaken across various organisations. This would be circulated to partners for information. **RJ**

NE would speak to colleagues about co-ordinating a regional response to the Commissioner's. It was also suggested that RPB minutes be added to future PSB agendas as a standing item for information, and that Martyn Palfreman be invited to the next meeting to provide an update on the RPB agenda and transformation fund. **NE**

6. Digital Information System

NE noted that the report circulated was an update on work to date to develop a regional digital information system and outlined a number of options where more detailed work was required.

Partners discussed the report and RJ noted that there were plans to develop a similar system under ARCH, the regional collaboration for health in South West Wales. The project was looking into developing a system to transform data to intelligence to improve working practices and improve outcomes for citizens. There was the possibility that

DRAFT

broader involvement from Swansea University was possible under the banner of the ARCH project. NP also suggested contacting Karen Fullerton, the Digital lead within Welsh Government. AD also offered support from within the Port of Milford Haven.

The PSB supported the recommendation that further developmental work on the digital information system be carried out to enable more detailed investigation of potential funding opportunities and potential for greater regional collaboration. The PSB agreed to receive a further update in due course.

7. Project Scoping and Planning

Project 4 – Doing things differently

Following earlier discussions under item 3, it was agreed that this proposal was a good fit with the high level outcome for Project 4 around Doing Things Differently. It was confirmed that BR and Health colleagues would lead on this work and provide a briefing note to the next meeting setting out the scope of the project and proposals for taking the work forward for the PSB's consideration. **BR**

Project 5 – Celebrating the Great Outdoors

NE gave an over of what had been agreed for this project in the Well-being Plan.

RJ noted that both Ceredigion and Carmarthenshire had set up sub-groups looking at social and green solutions for health and proposed setting up one group across all three PSB areas which she would Chair, starting in January 2019. This proposal would be discussed further with PSBs in Ceredigion and Carmarthenshire. Subject to these discussions appropriate PSB contacts will be invited to join the sub group as appropriate. **RJ**

AW noted that she had been working with the Health Board around this and there was the possibility of attracting funding to support a regional project. Concern was raised that the project was aimed at more than Health issues but RJ reassured partners that work in Ceredigion was already exploring areas wider than health. It was noted that there were a number of assets that could be utilised to support this work, including the Pembrokeshire Green Infrastructure project (link to the action plan to be circulated) and work being undertaken by the Pembrokeshire Outdoor Schools Network. **LR**

NE informed partners that he had been contacted by Liz Western from Public Health Wales on behalf of the Network as members were keen to work with the PSB to deliver some of the activity within this project. NE stated he would meet with LW to discuss this opportunity further. **NE**

8. Well-being Plan Project updates

Project 2 – Environmental and Climate Change Risk Assessment

AW gave an update on discussions that had taken place around scoping the delivery of the project and proposals to establish a project group and utilise the methodology set out by NRW to undertake a Climate Risk Assessment.

Following a brief discussion, the terms of reference and methodology for undertaking a climate risk assessment were agreed. AW was nominated as Chair of the project group **ALL / CG**

DRAFT

and CT would be Vice-Chair. PSB members would identify the most appropriate representatives from their organisations to sit on the project group and forward this information to CG.

Projects 6, 7 and 8 – Community themed projects

JM gave an update on her role as part of the Welsh Government Independent Review Panel looking into the role and function of Town and Community Councils. SL also updated partners on the volunteering element of the projects. Policy documents relating to this would be circulated for information (Volunteering and Public Services in Wales and Welsh Government's Volunteering Policy). **SL**

Presentations were then given by Karen Scott of PLANED on the role of the Community Resilience and Well-being Co-ordinators and also by Matt Townsend, Community Resilience and Well-being Co-ordinator on his work with Hook School and with secondary schools in the county. The presentation given by KS would be circulated to partners for information. **LR**

Following a brief discussion, the project plan was approved by PSB partners. Support for a meeting consider the recommendations of the Independent Review Panel, desktop research and PCC Charter was also agreed. CG would arrange this meeting which would include representatives from Pembrokeshire Voices for Equality, Pembrokeshire Youth and Pembrokeshire Coastal Forum along with Cllr. Ken Rowlands. An additional recommendation for SL to meet with those responsible for volunteering programmes within PSB organisations was also approved. **CG** **SL**

9. AOB

SL asked that partners make an effort to better promote the Pride in Pembrokeshire award through their own organisations and networks as nominations were currently quite low.

NP cited the Oregon Kitchen Table as an example of working with communities that partners may wish to look at and she agreed to share this research with partners. **NP / LR**

JF noted that an event entitled Putting Ability First, which was a disability employment scheme aimed at employers, would be held at Pembrokeshire Archives on 9th November.

TJ informed partners that the National Park Authority had a requirement to produce a National Park Management Plan every five years and that public bodies were required to take note of this in their work, although there was no defined list of which public bodies were covered under this requirement. Engagement with public bodies had been sporadic in the past which he hoped to improve and would therefore be setting up a stakeholder reference group which partners would be invited to join.

JM noted that an event on the circular economy would be taking place on 17th October at the Green Shed, Haverfordwest.

The meeting ended at 12.10pm.

Rhoddodd DE yr wybodaeth ddiweddaraf am y trafodaethau cychwynnol yn dilyn cyfarfod a gynhaliwyd ddiwedd mis Gorffennaf i drafod datblygu cynllun prosiect. Yn dilyn y cyfarfod hwn, roedd data ynghylch niferoedd y gweithwyr wedi cael eu casglu gan y rhan fwyaf o bartneriaid y Bwrdd Gwasanaethau Cyhoeddus, ac amcangyfrif nifer y rolau gwarchodedig yn y sefydliadau (e.e. athrawon, nyrsys). Ar sail hyn, roedd ffigurau o ran y galw am leoliadau profiad gwaith yn Sir Benfro wedi cael eu nodi a'u rhannu, a hynny yn ôl grwpiau oedran a statws cyflogaeth. Gan ddefnyddio'r wybodaeth hon, roedd amcangyfrif pellach o'r galw am gyfanswm nifer y diwrnodau gwaith a oedd yn ofynnol wedi cael ei ddatblygu, a oedd yn dangos bod 2% o'r oriau gwaith a oedd ar gael gan aelod-sefydliadau'r Bwrdd Gwasanaethau Cyhoeddus yn angenrheidiol i gyflawni gofynion o ran lleoliadau/treialon neu brofiad gwaith. Amlygwyd yn benodol

DRAFT

bwysigrwydd profiad gwaith i bobl ifanc o ran rhoi hwb iddynt a darparu'r sgiliau a'r profiad y mae arnynt eu hangen ar gyfer y gweithle.

Amlinellodd DE hefyd fformat Diwrnod Gyrfaoedd blynyddol Coleg Sir Benfro a gynhaliwyd ym mis Ionawr. Byddai'r Diwrnod Gyrfaoedd nesaf yn cael ei gynnal ar 22 Ionawr 2019, a gofynnodd am gymorth gan bartneriaid y Bwrdd Gwasanaethau Cyhoeddus nad oeddent eisoes yn ei fynychu'n rheolaidd.

Trafodwyd y cynnig yn gryno. Nododd AD bwysigrwydd sicrhau bod y broses o drefnu profiad gwaith yn un mor anfiwrocrataidd â phosibl a'i bod yn ystyried y defnydd o lefelau gwahanol o brofiad gwaith, er enghraifft rhwng tri diwrnod a chwe mis, gyda thaliad ar gyfer cynlluniau hwy. Awgrymodd CT hefyd y gellid ystyried bancio amser yn rhan o'r cynllun. Rhoddodd partneriaid y Bwrdd Gwasanaethau Cyhoeddus gefnogaeth i'r prosiect mewn egwyddor, gan nodi'r angen am ragor o waith, yn cynnwys:

- Diffinio 'lleoliad' – yr hyn a olygid gan hyn, amrywiad o ran pa mor hir y gallai bara, ac ati.
- Ymgysylltu â phobl ifanc i bennu'r hyn yr oedd arnynt eu hangen o'r lleoliadau
- Sicrhau bod dadansoddiad o'r modd y mae lleoliadau yn effeithio ar bobl ifanc, a'r sefydliadau ehangach y cânt eu lleoli ynddynt, yn cael ei ddatblygu yn rhan o'r prosiect.

Cytunodd JF i arwain y gwaith o gysylltu â staff Adnoddau Dynol sefydliadau'r Bwrdd Gwasanaethau Cyhoeddus er mwyn pennu eu prosesau cyfredol o ran cynnig profiad gwaith a chynnal gwiriadau DBS, ac ati. Nodwyd y byddai diweddariad pellach yn cael ei gyflwyno yn y cyfarfod dilynol. **DE/JF**

5. Llythyr gan Gomisiynydd Cenedlaethau'r Dyfodol a'r Comisiynydd Plant

Nododd NE ei fod wedi trafod y llythyr hwn â Martyn Palfreman, y Pennaeth Cydweithredu Rhanbarthol, a chyd-weithwyr y Byrddau Gwasanaethau Cyhoeddus yng Ngheredigion a Sir Gaerfyrddin, a bod ystyriaeth yn cael ei rhoi i'r opsiwn o sefydlu grŵp rhanbarthol o swyddogion y Byrddau Gwasanaethau Cyhoeddus/Byrddau Partneriaeth Rhanbarthol.

Nododd RJ fod angen bod yn fwy craff wrth gydnabod y gofyniad i wella'r ddeialog rhwng y Byrddau Partneriaeth Rhanbarthol a'r Byrddau Gwasanaethau Cyhoeddus, a bod yna werth ychwanegol i sicrhau deialog barhaus wrth drafod yr un ardal a phoblogaeth. Nododd SL hefyd fod yna orgyffwrdd amlwg rhwng ymgysylltu â dinasyddion a gweithio gyda chymunedau, a bod holl gynlluniau llesiant y rhanbarth yn cynnwys yr un ffocws cymunedol. Nodwyd rhywfaint o'r gwaith da a oedd wedi deillio o sicrhau cydnawsedd rhwng y Bwrdd Gwasanaethau Cyhoeddus a'r Bwrdd Partneriaeth Rhanbarthol yn ystod y gwaith o Asesu Llesiant/Asesu'r Boblogaeth a Chynllunio Llesiant.

DRAFT

Dywedodd RJ y gallai fod yna gyfle i fanteisio ar rywfaint o adnoddau trawsnewid gan y Bwrdd Partneriaeth Rhanbarthol i gefnogi'r gwaith o gyflawni elfennau cymunedol y cynlluniau llesiant. Nododd hefyd ei bod wedi datblygu diagram a oedd yn dangos y penderfynyddion ehangach o ran iechyd, ynghyd â'r cysylltiadau rhwng y gwaith o gefnogi llesiant a oedd yn cael ei wneud mewn amrywiaeth o sefydliadau. Nodwyd y byddai hyn yn cael ei ddosbarthu i'r partneriaid er gwybodaeth. **RJ**

Nodwyd y byddai NE yn siarad â chyd-weithwyr ynglŷn â chydgysylltu ymateb rhanbarthol i'r Comisiynwyr. Awgrymwyd hefyd y dylid ychwanegu cofnodion y Bwrdd Partneriaeth Rhanbarthol at agendâu'r Bwrdd Gwasanaethau Cyhoeddus yn y dyfodol, a hynny fel eitem sefydlog er gwybodaeth, ac y dylid gwahodd Martyn Palfreman i'r cyfarfod dilynol er mwyn rhoi'r wybodaeth ddiweddaraf am agenda'r Bwrdd Partneriaeth Rhanbarthol a'r gronfa drawsnewid. **NE**

6. Y System Wybodaeth Ddigidol

Nododd NE fod yr adroddiad a ddosbarthwyd yn ddiweddariad ar y gwaith a wnaed hyd hynny o ran datblygu system wybodaeth ddigidol ranbarthol, ac amlinellodd nifer o opsiynau yr oedd angen gwneud gwaith manylach yn eu cylch.

Trafododd y partneriaid yr adroddiad a nododd RJ fod yna gynlluniau ar y gweill i ddatblygu system debyg o dan ARCH, sef y cydweithrediad rhanbarthol ar gyfer iechyd yn Ne-orllewin Cymru. Roedd y prosiect yn ystyried datblygu system i drawsnewid data yn wybodaeth er mwyn gwella arferion gweithio, ynghyd â gwella canlyniadau i ddinasyddion. Roedd yna bosibilrwydd y gellid sicrhau cyfranogiad ehangach gan Brifysgol Abertawe, a hynny o dan faner prosiect ARCH. Awgrymodd NP hefyd y dylid cysylltu â Karen Fullerton, sef arweinydd digidol Llywodraeth Cymru. Cynigiodd AD hefyd gymorth gan Borthladd Aberdaugleddau.

Cefnogodd y Bwrdd Gwasanaethau Cyhoeddus yr argymhelliad y dylid gwneud gwaith datblygu pellach mewn perthynas â'r system wybodaeth ddigidol er mwyn sicrhau y gellid ymchwilio'n fanylach i'r cyfleoedd cyllido posibl, yn ogystal â'r potensial am ragor o gydweithredu rhanbarthol. Cytunodd y Bwrdd Partneriaeth Rhanbarthol i gael diweddariad pellach maes o law.

7. Cynllunio a Phennu Hyd a Lled y Prosiect

<u>Prosiect 4 – Gwneud Pethau yn Wahanol</u>

Yn dilyn trafodaethau cynharach o dan eitem 3, cytunwyd bod y cynnig hwn yn cyd-fynd yn dda â'r canlyniad lefel uchel ar gyfer Prosiect 4 o ran Gwneud Pethau yn Wahanol. Cadarnhawyd y byddai BR a chyd-weithwyr o'r maes Iechyd yn arwain y gwaith hwn ac yn darparu nodyn briffio ar gyfer y cyfarfod dilynol, a fyddai'n nodi hyd a lled y prosiect a'r cynigion ar gyfer symud y gwaith yn ei flaen er mwyn i'r Bwrdd Gwasanaethau Cyhoeddus ei ystyried. **BR**

<u>Prosiect 5 – Dathlu'r Awyr Agored</u>

Rhoddodd NE drosolwg o'r hyn y cytunwyd arno yn y Cynllun Llesiant ar gyfer y prosiect hwn.

DRAFT

Nododd RJ fod Ceredigion a Sir Gaerfyrddin wedi sefydlu is-grwpiau i ystyried atebion cymdeithasol a gwyrdd ar gyfer iechyd, a bod yna gynllun ar y gweill i sefydlu grŵp arall ledled ardaloedd y tri Bwrdd Gwasanaethau Cyhoeddus, y byddai RJ yn ei gadeirio, gan ddechrau ym mis Ionawr 2019. Byddai'r cynnig hwn yn cael ei drafod ymhellach ag aelodau'r Byrddau Gwasanaethau Cyhoeddus yng Ngheredigion a Sir Gaerfyrddin. Yn amodol ar y trafodaethau hyn, byddai cynrychiolwyr priodol o'r Byrddau Gwasanaethau Cyhoeddus yn cael eu gwahodd i ymuno â'r is-grŵp, fel y bo hynny'n briodol. **RJ**

Nododd AW ei bod wedi cydweithio â'r Bwrdd Iechyd mewn perthynas â hyn a bod yna bosibilrwydd o ddenu cyllid i gefnogi prosiect rhanbarthol. Mynegwyd pryder bod y prosiect wedi'i anelu at faterion eraill heblaw materion Iechyd, ond rhoddodd RJ sicrwydd i'r partneriaid fod gwaith eisoes yn cael ei wneud yng Ngheredigion i archwilio meysydd eraill heblaw iechyd. Climate Change Risk Assessment for Pembrokeshire

Members of Pembrokeshire PSB and partner organisations met on October 31st to develop the plan for the delivery of the Climate Change Risk Assessment.

Andrea Winterton, Chair	Ruth Lovell, PLANED
Cris Tomos, Vice Chair	Chris Jessop, TENP
Emma Davies, NRW	Jonathan Monk, Port of Milford Haven
Claire Conroy HDUHB	Anna Malloy, Port of Milford Haven
Jane Gibson, PCNPA	Steve Keating, PCC

The group discussed additional invitees who would add value to the work. These are Peter Davies, Dwr Cymru, NFU/FUW, and the National Trust and representatives will be invited to future meetings. The group suggested linking in to the expertise of the Local Resilience Forum Severe Weather Group. Other organisations work was recognised as adding to the depth and breadth and would be approached as corresponding members, including Cadw, Coastguard, RSL's, Crown Estate, Network Rail.

NRW have funding to engage a professional to develop the Climate Change Risk Assessments for Pembrokeshire, Carmarthenshire and Ceredigion. This resource will be supported by the PSB CCRA group to deliver a report to the April 2019 Pembrokeshire PSB meeting.

The group also considered some of the themes and areas for development in the risk assessment ranging from communities and places identified through the Shoreline Management Plan to health impacts on the vulnerable from hotter weather, transport infrastructure, and the range of impacts on agriculture from soil erosion to lack of fodder and water for animals.

The group developed the **project plan** set our below to progress the work:

Communities project group update

In attendance:

Sue Leonard, PAVS	Nadine Farmer, Youth Assembly	Jeremy Trew, MAWWF
Mair Thomas, PCNPA	Dan Shaw, PCC	Sarah Worby, representing Pembrokeshire Voices for Equality
Liz Cartwright, HDUHB	Jetske Germing, Pembrokeshire Coastal Forum	Claire George, PSB support

Apologies received from:

Jess Morgan, PLANED	Iwan Thomas, PLANED	Karen Scott, PLANED
Rosie Thomas, West Wales Care Partnership	Andrea Winterton, NRW	Cllr Ken Rowlands
Diane Lockley, One Voice Wales	Emma Davies, NRW	

The meeting focused on current and planned activity partners were undertaking. Through discussions, a number of opportunities to collaborate started to emerge.

Engaging with young people

Following previous discussions at PSB, the matter of the involvement of young people in the PSB and the Wellbeing Plan was raised. At the same time, PSB partner organisations are developing their thinking on how young people are engaged in governance structures.

NF described the youth engagement structures currently in place including School Councils, Pembrokeshire Youth Assembly, Community Youth Forums (facilitated by youth workers); Youth Forums (special interest groups); Milford Youth Council; Pembrokeshire Youth Bank (young people distributing small grants for projects led by young people), and the Junior Safeguarding Group. It was agreed that more work would be done on this area and be brought back to PSB for consideration.

Developing a place based approach

PLANED have a wealth of knowledge and experience working with communities, and will be working with 12 communities over the next two years to develop Community Well-being & Resilience Plans. A number of other partners have, or are looking to develop, community resources. These include Pembrokeshire Coast National Park Authority's community-based rangers; Hywel Dda University Health Board plans to involve local people in developing the proposed Integrated Community Networks; and PAVS' team of Community Connectors based in 4 localities in Pembrokeshire.

Town & Community Councils (T&CCs) are recognised as key partners in developing place-based approaches and services. This is borne out by the recommendations included in the recently published findings of the Welsh Government review into T&CCs. DS provided an overview of the Charter between PCC and T&CCs. There is little public awareness of what

T&CCs do and/or what they can do according to their statutory powers. One Voice Wales is the representative body for T&CCs in Pembrokeshire and have a seat on the PSB.

It was suggested that future frontline staff events take a place-based approach to support integrated and collaborative working. Work also needs to be done around developing a package of support for developing place-based services that maximise community assets.

Link to West Wales Care Partnership

As set out in the Area Plan, the West Wales Care Partnership are looking at their methods for engagement. They are developing a Citizens Panel and an online portal. There are likely to be links to several of their work streams. It is important that their work is integrated with that of the Pembrokeshire PSB. Members of the PSB who also work through the WWCP are encouraged to support making these connections.

Engagement Plans

There was broad agreement that we needed to move from **consultation** to **conversation.** It was also agreed that social media was an important tool for engagement, but was not the whole solution. LC reported on the work of the Consultation Institute who had worked with the Health Board on Transforming Clinical Services and confirmed that the Health Board was committing additional funding to building on the existing **Talking Health** programme to engage local people in developing community health and well-being solutions. LC said that drop-in sessions had been very useful in the TCS process and that it was important to talk to people where they met, rather than inviting them to special meetings.

SL reminded group members that Pembrokeshire had a Community Engagement Framework (now outdated) and a Pembrokeshire Co-production Network (PCN), which met infrequently due to lack of resources and leadership. (**Note**: the PLANED Network Co-ordinator will be organising a meeting of the PCN in January 2019)

Various members of the group have established meeting arrangements and engagement events including:

- PSB meets 5 times per year
- Youth Assembly meets once a month – including links to junior safeguarding, additional learning needs, children with medical conditions and looked after children as well as school and community youth councils
- Pembrokeshire Voices for Equality meet quarterly
- One Voice Wales have quarterly meetings
- Community Forum Network has 2 events per year in June and November.

Partners are encouraged to work through these existing networks and identify other existing networks and events.

Online portals

A number of partners expressed the intention to develop online platforms. Partners are keen to collaborate and coordinate these efforts to get best use of resources and most effective platforms.

Project ideas

As the work of the Communities group develops, it is proposed that a number of project proposals are developed that may be worked up for funding applications. Due to the complexity of partnership working, a "drawdown" list of projects would mean the PSB is ready for any funding calls.

Next steps

PLANED are holding the next Community Forum Network 5th December at Pater Hall Pembroke Dock where the theme will be "Building Community Wealth".

Partners are encouraged to submit ideas for the next Community Forum Network that will be held in June 2019.

PLANED are planning Community leadership training in the spring of 2019. The content has yet to be defined and interested partners are welcome to contribute to form of the training.

Sue Leonard will follow up with the volunteer co-ordinator contacts provided.

A date for the next meeting will be arranged for January 2019.

To: Chairs of Public Service Boards

Dear Chair,

15 October 2018

I am writing to you to highlight the importance of joint working between Public Service Boards and the National Advice Network, in delivering quality assured, accessible and effective advice provision across Wales.

The Welsh Government established the National Advice Network (NAN) to help set the strategic direction for advice services in Wales. The NAN brings together a cross section of key stakeholders, including local and national providers of advice services and funders. This work is progressing at pace, with a second annual review undertaken by NAN of the Information and Advice Action Plan. This review is available on the Welsh Government website at https://gov.wales/docs/dsjlg/publications/comm/180914-second-annual-review-en.pdf and you may wish to note the progress made so far.

Over the coming months, Public Service Boards will be contacted by the NAN. I encourage you to engage with the NAN to discuss the Information and Advice Action Plan and how quality assured advice services can support many different priorities within your Well-Being Action Plans.

Rebecca Evans.
