

Day Opportunities in Pembrokeshire

January 2019 Project Update

This project started in November 2018.

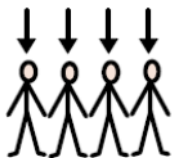

We told people all about the project in December 2018.

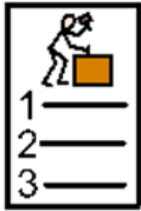

Peopletoo are helping the Council to work with other people to change day opportunities in Pembrokeshire.

Day opportunities are important to people.

We want to make sure that there is something for everyone in Pembrokeshire.

We are busy planning lots of fun events.

Events will be held all around Pembrokeshire.

Some events will be in Day centres.

Some events will be in the community.

We want to talk to people who use day opportunities.

We want to know what is working well.

We want to know what is not working well.

We want to know what needs to change to make things better.

There will be lots of other ways people for people to talk to us.

We will have a website.

We will use Twitter.

We will use Facebook.

We will be sending out leaflets with event information in them soon.

We look forward to seeing you there.
