Our aim is to re-educate the local community in repair and mend working towards a zero waste living planet. We deliver free repair café events, offer exclusive facilitator led repair and upcycled focused workshops and 1:1 repair surgeries. We also provide an eco-reuse information and retail hub where we sell affordable quality second hand repaired and upcycled household items from wooden furniture, laptops, mechanical items and basic home electrical goods. We accept lightly used items donations for reuse. We can accept, bicycles, garden tools and machinery (electrical and petrol), small wooden furniture, laptops, and small home electrical goods.
