### ***What is De Minimis Aid?***

In order to minimise distortion of competition the European Commission sets limits on how much assistance can be given to organisations operating in a competitive market. Under EC Regulation 1407/2013 (de minimis Aid Regulation) as published in the Official Journal of the European Union 24 December 2013, the support provided is a de minimis aid.

There is a ceiling of €200,000 (€100,000 for undertakings in the road transport sector) for all de minimis aid provided to any one organisation over a three fiscal year period (i.e. the current fiscal year and the previous two fiscal years). Any de minimis aid provided to you under this service will be relevant.

Please advise us of any other de minimis aid received during the current and previous two fiscal years, as we need to check that our support added to that previously received, will not exceed the threshold of €200,000 (€100,000 for undertakings in the road transport sector) over the last 3 fiscal years. Aid includes not only grant but also assistance such as free or subsidised consultancy services, marketing advice etc. If you are in any doubt about whether previous assistance received classes as de minimis assistance please include it.
