

Changes to the rules in Wales. 12th April

We need to stick to **Wales** rules

Mark Drakeford tells us the rules

Coronavirus is getting better in Wales

But we still need to be careful.

- Keep our distance
- Wash our hands
- Wear our masks

From April 12th:

We can travel further – in and out of Wales

All “close contact” services can open – like tattooists and beauty parlours.

From April 26th:

Outdoor cafes and pubs can open.

Places like theme parks can open

From May 3rd:

30 people can do an activity outside

Gyms and leisure centres can open.

2 households can meet inside

From May 17th:

15

15 people can meet inside

From May 30th:

Pubs and restaurants can open indoors

But this is all ONLY if things keep getting better

But you must still keep a safe distance

We still can't meet **anyone** in our home yet.
Unless it is support

Or you are already in a "support bubble"

Tell someone if you feel ill
