

Using buses now.
James' journey.

Because of Covid 19, some things are different when you take a bus.
This is to keep you safe.

James is the LD Champion for transport.
He took a bus journey to show you what has changed. And that it is still safe.

Less people can get on a bus.
You might have to wait longer at the bus stop.

The display will tell you when the bus is coming.

There are signs telling you how to keep safe.

When you get on the bus, the driver is behind a screen.

Some seats are blocked off.

This is to keep social distancing.

Wheelchairs can still go on the bus

James talked to people on the bus. They said they felt safe.

You need to wear a mask.

James' journey was good. He says it is fine to use the bus. It is just a bit different now.
